Lecture Room of the Biological Department

CHARTER OF CLARK UNIVERSITY

The petition of Gilbert Haven, Richard S. Rust, Mary J. Clark, Eliphalet Remington, Joseph H. Chadwick, Washington C. DePauw, Henry K. List, Eliza Chrisman, Robert T. Kent, Charles O. Fisher, John C. Kimball, Josiah Sherman, Theodore G. Eiswald, William H. Crogman, James Mitchell, Henry R. Parmenter, George Standing, James V. Martin, Seaborn C. Upshaw and E. Q. Fuller, shows that they are the Trustees of Clark University, in the city of Atlanta, in said county, and that they desire that they and their associates shall become a body corporate and politic, by the name of

"The Trustees of Clark University,"

and that they, and such persons as shall be duly elected members of said corporation, shall be and remain a body corporate by said name for twenty years, with the privilege of renewal at the end of that term.

The said corporation not being for profit, and no stock, dividends or other pecuniary gain accruing to the corporators, but being simply intended for the advancement of learning, and the accomplishment of good, they have no capital stock, and only such property as has accrued from the benefactions of the charitable and philanthropic; and for further acquisitions, and to effect the objects of incorporations, must look to the income from present possessions (which are valued at Forty Thousand Dollars, and consist of the buildings and grounds now occupied by said University, furniture and apparatus, land in Fulton County, and Atlanta City bonds), and to bequests and donations and prudent management.

That the location of said University and the place of business of said corporation is in said county.

That the object and business of said corporation are to establish and perpetuate a University, and thereby promote learning, afford suitable opportunities for the acquirement of knowledge, and to foster piety and virtue as essentials of proper education; and for the orderly conducting of the business of said corporation, petitioners desire:

1. That said corporation shall have power and authority from time to time, as occasion may require, to elect a President, Vice-president, Secretary and Treasurer, and such other officers as may be found necessary, and to declare the duties and tenures of their respective offices, with the power of removal, and the right to fill vacancies in the way and manner, for the causes, specified in the by-laws of the corporation; and also to elect new members of said corporation, provided the number of members shall never be less than ten nor greater than thirty, and at least ten shall be necessary to constitute a quorum when any change is made in the by-laws, a Trustee removed; or a vacancy in the Board filled.

2. That the said corporation shall have full power and authority to determine at which times and places their meetings shall be held, and the manner of notifying the Trustees to convene at such

meetings; to establish Boards of Instruction in all departments of science, literature and the arts, and to determine and regulate the course of instruction; to elect a President of said University, and such professors, tutors, instructors and other University officers as they shall judge for the interests thereof, and to determine the duties, salaries, emoluments, responsibilities and tenures of their respective offices, to confer degrees; and generally to make and ordain such rules, orders, regulations and by-laws as shall not be repugnant to the Constitution and the laws of Georgia or the United States; provided no degree shall be conferred but upon the recommendation of the appropriate faculty, and no instructor in said University, except in the Theological Department, shall ever be required by the Trustees to profess any particular religious opinions as a test of office, and no student, except in the Theological Department, shall be refused admission to or denied any of the privileges, honors or degrees of said University on account of the religious opinions which he may entertain.

3. That said corporation may have and use a common seal, which they may alter and renew at pleasure; and may sue and be sued, plead and be impleaded, by said corporate name.

4. That they, their associates and successors, as Trustees, under said corporate name, shall have the right and power to receive by donation, gift or will any property, real or personal, and to rent, lease, purchase and hold such real or personal property as may be necessary to effect and promote the objects of incorporation, and to dispose of the same at pleasure, being fully empowered to do all such acts as may be necessary for the legitimate forwarding and execution of the objects of incorporation; provided that the clear rents and profits of all property, real and personal, of which said corporation shall be seized and possessed shall be appropriated to the maintenance and endowment of said University in such a manner as shall most effectually promote virtue and piety, and learning in such of the languages and of the liberal and useful arts and sciences as shall be recommended from time to time by the said corporation, they conforming to the will of any donor or donors in the application of any charter which may be given, devised or bequeathed for any particular object connected with the University.

Petitioners further pray that this their application may be entered for record on the Minutes of Fulton Superior Court, that it be published in "The Methodist Advocate," of Atlanta, and that, after due record and publication, an order be passed granting the incorporation as desired.

CANDLER & THOMPSON,
Petitioners' Attorneys.

A true extract from the Minutes of Fulton Superior Court. March 19, 1876. JAMES D. COLLINS, C. S. C.

STATE OF GEORGIA,
FULTON COUNTY.
To the Superior Court
of said County:

The petition of John M. Walden, Wm. H. Crogman, R. S. Eggleston, Charles M. Melden, Seaborn C. Upshaw, W. H. Formosa, John P. Wragg, Wm. I. Haven, Willis M. Everett, Geo. Standing, John T. King, John W. Price, John Watts, Fannie Clark Davis, Aaron P. Melton, Geo. W. Arnold, William Deering, Matthew M. Alston, Henry W. Warren, John W. Hamilton, Jos. C. Hartzell, Daniel A. Goodsell, Richard S. Rust, Silas A. Peeler, Madison C. B. Mason, James Mitchell, and Wilbur P. Thirkield respectfully shows:

1. They are the duly constituted Trustees of Clark University of Atlanta, Ga.

2. That the "Trustees of Clark University" is an educational corporation and was duly incorporated by the Superior Court of Fulton County, on the 7th day of May, 1877, as will fully appear by reference to the records found in Minute Book "M," pages 545 and 622.

3. Your petitioners pray that the aforesaid corporation be revived for a term of twenty years and that they and their successors in office be clothed with all powers and possessed of all the rights and privileges conferred by said charter upon said original corporation and be subject to all the debts, liabilties and burdens of the old corporation which shall be hereby revived.

WILLIS M. EVERETT,
Atty. for Petitioners.

Filed in office June 26, 1900.
G. H. TANNER, Clerk.

Upon hearing the foregoing petition and it appearing that said petition has been published as required by law, it is ordered and adjudged by the Court that said corporation be and the same is hereby revived for a term of twenty years, unless sooner revoked by law, and that the said

"Trustees of Clark University"

be clothed with all the powers and possessed of all the rights and privileges conferred heretofore by this Court upon said original corporation and that it be subject to all the debts, liabilities and burdens of the old corporation which is hereby revived in it.

Judgment signed this 6th day of September, 1900.

J. H. LUMPKIN, Judge S. C. F. C.

STATE OF GEORGIA,
COUNTY OF FULTON.

I, G. H. Tanner, Clerk of the Superior Court of said County, do hereby certify that the foregoing is a true copy from the files and records of said court, of the Petition to Revive the Charter of

"Trustees of Clark University,"

and the order of said Court granting said petition.

Said Charter and order have been recorded in Charter Book 3, page 675, of Fulton County Records.

Witness my hand and seal of said Court, this the 7th day of September, 1900.

G. H. TANNER,
Clerk Superior Court,
Fulton County, Ga.

GENERAL INFORMATION

Clark University is a Christian School, founded in the year 1870 by the Freedman's Aid and Southern Education Society of the Methodist Episcopal Church. It is open to students of all classes, regardless of sex or color, the sole conditions of admission being a desire to learn, good moral character, and obedience to lawfully constituted authority.

Location

The buildings and grounds are located just south of the corporate limits of the city of Atlanta, Ga. The campus is sufficiently elevated to overlook the city, and has perfect drainage on all sides. It is beautifully shaded with oaks and pines which, with its elevation—1,200 feet above the sea level—make it a delightful retreat even in midsummer. It would be difficult to find a more healthful location in the United States.

Accessibility

The South Pryor and Federal Prison electric line passes the campus gate, affording frequent communication with the center of the city. Atlanta is the great railroad center of the South, and is readily accessible from all points. The city contains about one hundred thousand inhabitants, and enjoys all the conveniences of modern city life, making it an admirable location for a large school.

Buildings

Chrisman Hall, named in honor of Mrs. Eliza Chrisman, a large commodious brick building, heated by steam, is the main edifice. The two lower stories are devoted to recitation rooms, study rooms and offices; the upper, to professors' rooms, young men's dormitory, library, reading room and physical laboratory.

The chapel occupies the third floor of the south wing, and will accomodate an audience of six hundred. The dormitory accommodates one hundred students.

Warren Hall, a four story brick building, named in honor of Bishop Warren, contains the boarding department and young women's dormitory. The dining hall is large enough to seat comfortably three hundred students; the dormitory accommodates ninety. The building is well equipped with kitchen, laundry, store-room, cold-storage, etc.

Thayer Home, named in honor of Dr. Thayer, is furnished with all improvements of a modern model home. It accommodates about thirty young women, who are taught cooking and house-keeping as practiced in a well-ordered household.

Ballard Hall is a brick structure, the gift of Stephen Ballard of Brooklyn, N. Y. The first floor is occupied by the Industrial Department. Large, well equipped Chemical and Biological laboratories and lecture-room occupy the second floor.

The Iron-working Department occupies a one-story brick building.

There are also on the grounds a modern barn and other out buildings for the use of the Agricultural Department.

In addition to these buildings are five cottages used as teachers' residences.

Terms of Admission

Students under six years of age will not be enrolled.

Boarding students under fourteen years of age will not be

admitted.

Students are admitted and classified by examination, or by certificates from schools approved by the faculty.

Every student may choose the course he wishes to pursue, but when it has been chosen, he cannot change it without the consent of the faculty.

Special students may select such courses as, in the judgment of the faculty, they are capable of pursuing profitably but no change will be made in the schedule of recitations to accomodate them.

Pupils coming from other schools must present a certificate of honorable dismissal.

Government

No pupil will be assigned to a room or admitted to a class until he presents a ticket showing that he has settled with the registrar. The act of registration pledges all pupils to obey the regulations of the school until formally released therefrom.

In addition to the observance of specific regulations, all students are expected to work. Immorality, the use of alcohol and tobacco will not be tolerated. The discipline of this school is designed to encourage self-government. Every influence is thrown around the students to develop culture and character. The purpose of the institution is to promote broad and accurate scholarship, along with a high type of character.

Only such as manifest earnestness and moral purpose can remain connected with the institution. Those who disregard the few neccessary rules framed for the individual and general good separate themselves from the University.

Privileges

Resident male students, sixteen years or more of age, who have been members of the school for at least one month, and

who, during that time, have proved themselves studious and law-abiding, shall be regarded as privileged students. These are permitted to be absent from the grounds between the hours of 4 p. m. and 5:30 p. m. on school days, and between 2 p. m. and 5:30 p. m. on Saturdays. No other resident student is allowed to leave the campus without permission.* Young women are not permitted to leave the grounds at any time without a chaperone.

The Religious Atmosphere

The life of the University from the beginning has been directed by men and women of unswerving faith in Christianity. No religious tests are imposed on any student. Perfect freedom is guaranteed to every one. At the same time it is true that the authorities of the University believe that religious development is a matter of primary importance, and that no intellectual culture can compensate for a dwarfing of the religious nature. The atmosphere of the University is frankly and unequivocally Christian. It stands for broad and strong scholarship and the highest moral and religious life.

Chapel exercises are held every day in the week, with the exception of Saturday and Sunday, under the direction of the members of the faculty. All students are required to be present at these exercises.

The University is a regular appointment in the Atlanta Conference. The Professors of Gammon Theological Seminary supply the pulpit.

Board and Room

The dormitories of the institution have been fitted up with the view of making the students, occupying them, as comfortable as possible in every way. The rooms are all well lighted and are furnished with plain and substantial furniture. As

* Juniors and Seniors at any time that will not conflict with their studies.

many of the teachers occupy rooms in these dormitories, the opportunity for association with them is a valuable part of the training received.

The boarding department has recently been refitted and every effort is made to give the students good wholesome food.

All students attending the University are required to board and room on the campus, unless living with their parents or relatives or when especially excused by the president. We most heartily recommend that all students arrange to secure accommodations on the grounds.

All bills for room and board are due and payable strictly in advance, students being required to meet their bills every four weeks. Students whose bills are not settled when due will be excluded from the dining room and class rooms until the accounts are settled.

A deposit of two dollars is required of all boarding students upon entering school to cover possible damages to room furnishings. When a student withdraws from school all the money not expended for damages is refunded.

Expenses

Board, per four weeks	$7.00
Room, fuel and light, per four weeks	1.50
Washing, per four weeks	1.00
Incidental fee, per four weeks	
Members of Grade School	1.00
All others	1.50
Laboratory fees, per term	
Biology I	1.00
Chemistry	2.00
All others	1.50
Library fee for students above the grades	.50
Supply fee for Grade Students	.25
Late registration fee	1.00

Special examination fee ..... .50
Instrumental or Vocal Music
Twenty lessons 5.00
Use of piano, one hour per day,
per term 1.00
Musical Library fee, per term ..... .25
Manual training fee, per term 1.00
Fees for diplomas and certificates
College degrees 5.00
Higher Normal degree 3.00

Self-Help

The question of expense is always perplexing for the reason that most students who go to college in the south are purposeful young people who must largely support themselves. Students are urged to help themselves as far as possible, and some do earn their way while attending the University. The institution requires of every boarding student one hour's work each day for the University. For work done over this time, wages are paid at the rate of 7 1-2 cents per hour. Hitherto we have been able to furnish a few students with work on the campus to the amount of two or three dollars per month, but we cannot guarantee to furnish work. Atlanta offers many facilities to those desiring employment, and we can often assist them to secure positions. Independence and self-reliance are constantly taught. It is possible for a few deserving students to secure loans, through the recommendation of the University, from the board of Education of the Methodist Episcopal Church. It is the rule of the Board of Education to make such loans only to worthy students in the advanced classes.

Advice

On arriving in Atlanta, take any east bound car at the railroad station and ask for a transfer to the Federal Prison Car and

get off at the Campus gate, in full view of the University buildings. Bring your check with you and present it to the clerk, who will have your trunk transferred for twenty-five cents. Pay no attention to hackmen; many will overcharge you.

Plan to arrive in the city in daylight, as it is inconvenient to reach the University at night. The cars cease running at 12 p. m.

When parents send daughters without an escort, if they will notify the president of the time of their arrival, some one will be in waiting at the station to receive and conduct them to the University.

Students should deposit their money in the University safe and draw it as occasion requires, in order to insure economy and safety.

Parents are requested to send money direct to the President, who will credit it as directed, and send a receipt by return mail. Remittance direct to the President will guard against extravagance. Instructions from the parents as to the amount to be allowed for personal expenditures will be strictly followed.

Students should be provided with umbrellas, overshoes and waterproof garments as recitations are conducted without regard to weather.

EVERY STUDENT MUST PROVIDE HIMSELF WITH SHEETS AND PILLOW CASES AND A STOUT BAG IN WHICH TO CARRY HIS CLOTHING TO AND FROM THE LAUNDRY. CLOTHING MUST BE PLAINLY MARKED, IN INDELIBLE INK, WITH THE OWNER'S NAME.

Without text books it is impossible to accomplish satisfactory work. We cannot expose both student and teacher to such a serious disadvantage, and, therefore, shall exclude from the classroom all students who are not provided with necessary books. Every boarding student is expected to come furnished with a Bible. Students must pay for books when they take them from the office. No credit on books.

Thayer Industrial Home

Warren Hall

Library—L. Taylor, Librarian

There are about two thousand volumes in the Library. Will not some benevolent friends endow this Library, so that, each year, it may be replenished with valuable works as they are issued from the press?

Reading-Rooms

The students have access to two reading-rooms: one in Warren Hall for the young women and one in Chrisman Hall for the young men. These rooms will be supplied with the leading magazines and secular and religious papers.

Literary Societies

The Alpha Sigma for young men and the Marigold Club for young women furnish ample opportunities for the cultivation of extemporaneous speaking and parliamentary experience.

Adjunct Schools

Principals of high schools, and of grammar and district schools, will be furnished with catalogues containing our course of study. We invite correspondence with the view of making their courses and ours articulate as closely as possible, so that students may enter the University at any time without suffering the disadvantages arising from widely diverging courses of study.

Most of our patronage must come from public schools, but we are especially anxious to cultivate friendly relations with Cookman Institute, Jacksonville, Fla.; La Grange Academy; The Haven Academy, Waynesboro, Ga.; and the Haven Home, Savannah, Ga. We invite correspondence from the principals of these schools with regard to pupils who may desire to enter advanced classes. Address the President of Clark University, South Atlanta Station, Atlanta, Ga.

The Marigold Club Scholarship

The Marigold Club Schorlarship of $50 is open to the young women of the school on the following conditions:—

No. 1. The scholarship is to be given to an ambitious girl prepared to begin either the Higher Normal or College Preparatory work of the Third Year.

No. 2. She must be a sincere, sober and zealous Christian young woman.

No. 3. She must pass special examinations in Second Year English, Latin, Mathematics and History with an average of 90 per cent.

In the work of the Third Year she must maintain an average of 80 per cent. in order to retain the scholarship for the following year.

No. 4. If a Clark University student, she must maintain an average of 80 per cent. in her past year's work, in order to be a candidate for the scholarship. She must also have an unquestionable record of deportment.

No. 5. She must, at the time of examination, write an essay containing five hundred words on some subject presented by the Marigold Club. This essay, together with her examination papers, is to be rated by the English Instructor of Clark University and one Instructor from each of two other Universities. The essay must be marked as high as 90 per cent.

No. 6. Any young woman desirous of taking the examinations for the scholarship, must make formal application to the Secretary of the Faculty on or before the second Saturday after the opening of school in the fall. The examinations will begin on the third Friday of the school year. They will be held for the first time in October, 1907.

No. 7. The application for the scholarship must be endorsed by the principal of the school that the candidate last attended, by her pastor and by three good women of that church.

Uniform for the Young Women

The Faculty of Clark University have adopted a costume for the young women boarding on the campus, to be worn at the public exercises of the school, including Sunday services, and whenever students go off the campus.

These costumes will be provided at the school and no others will be accepted as substitutes. Arrangements have been made with one of the leading firms of the city, to furnish them at first cost. The suits will be made of heavy blue cheviot and will cost from $10 to $12.

The dressmaking department will duplicate the same costume in a cheaper material for students who wish a less expensive suit. Hats will also be provided at the school.

Departments of Instruction

The University comprises five departments: The College, The Preparatory School, The Normal School, The School of Manual Training and Domestic Science, and The Grade School.

Information Relating to Entrance

The privileges of all departments of the University are extended to men and women alike. The students of the College Preparatory and Normal Departments enjoy as a rule all of the privileges open to the students in the College Department, including library, lectures, laboratories, religious and social privileges.

Examinations for admission to any of the departments of the University are held in the fall at the opening of the college year. See announcements.

Students entering on other than regular registration days are required to pay a registration fee of one dollar in addition to other incidentals.

All applicants for admission to the first year of the Preparatory or Normal Schools must either pass a satisfactory examination in the subjects covered by the work of the Grade School of this Institution, or must present a certificate showing that they have completed an equivalent course in some other school.

All candidates for the B. Ped. degree must spend their Junior and Senior years in residence, and this residence must begin before the middle of October of their Junior year.

All College students are required to be in school by the middle of October of their Senior year.

Special Music Students

Special students in music will be enrolled on condition that they devote at least four hours per day to music, and that they take at least one other subject prescribed by the head of the department of music.

Admission to Advanced Standing

Candidates for advanced standing are not admitted later than October of the year in which they expect to graduate. All students from other schools must present certificates of honorable dismissal, and give satisfactory evidence of preparation for the courses that they desire to enter. The amount of credit to be obtained for work done in another institution is determined by a committee of the faculty. No advanced credit will be given without examination, except for work done in an approved school.

No student will be recommended for a Bachelor's degree until credit has been obtained for at least one full year of work in residence at this institution.

Admission on Probation

Any applicant deficient in not more than one of the subjects required for the rank to which he seeks admission, may

be admitted conditionally by the Faculty. All such conditions must be removed before the student will be permitted to begin the work the next year.

It should be clearly understood that students admitted on probation, and students admitted on certificates from other schools, are subject to the following regulation:

If the work of the student, in his first term, shall prove unsatisfactory, he may be reclassified and required to review the work.

Courses of Study

The college offers the following courses: the Classical, the Scientific, the Literary and the Higher Normal. Graduates from the Classical Course receive the B. A. degree; graduates from the Scientific Course receive the B. S. degree; graduates from the Literary Course receive the B. L. degree; and graduates from the Higher Normal receive the B. Ped. degree.

Twenty recitations per week, or their equivalents, for four years are required for the B. A., B. S., and B. L. degrees. Twenty recitations per week, or their equivalents, for two years are required for the B. Ped. degree.

Throughout this catalogue the expressions "one hour", "two hours," "three hours," "four hours," and "five hours," per week are used. The expression "one hour," means one recitation per week throughout one term. Twenty recitations a week for one term are thus called "20 hours." Since there are three terms in the college year, 60 hours constitute a full year's work. The four years course, therefore, embraces 240 hours and the two years course embraces 120 hour's work.

Students who have received the B. Ped. degree, may, by completing an additional 120 hours of college work, receive the B .A., B. S., or B. L. degree.

The college studies are divided into the following groups: Astronomy; Biology; Chemistry; English; French; Geology; German; History; Latin; Greek; Mathematics; Psychology;

and Pedagogy; Philosophy; Physics and Mechanics.

The following studies are required of all of the four year college courses for graduation:

Mathematics	20 hours
English	20 hours
Ancient or Modern Language	10 hours
Natural Science	10 hours
Economics	5 hours

The following studies are required in the Higher Normal course:

Mathematics	10 hours
English	10 hours
Pedagogy	20 hours
Ancient or Modern Language	5 hours
Natural Science	5 hours
Economics	5 hours

All candidates for degrees are required to be present at the service at which the Baccalaureate sermon is preached, also at Commencement exercises. On these occasions academic costume (cap and gown) must be worn.

All University fees must be settled by each candidate before his diploma is issued to him.

SYNOPSIS OF COURSES OF STUDY

Agriculture.

I. INTRODUCTORY WORK IN AGRICULTURE.

The purpose of this course is to so teach the elements of intensive agriculture as to fit the pupils to teach agriculture in the rural and grade schools.

Lectures 2 hrs. Laboratory 2 hrs. Three-fifths credit.

II. INTRODUCTORY WORK in the USE OF FARM TOOLS

This will include practical training in the use of the modern hand and horse farm tools and instruction in elementary farm surveying.

III. AGRICULTURAL ZOOLOGY

A theoretical and practical study of the feeding, breeding and management of stock.

Lecture 1 hr. Laboratory 8 hrs. 1 credit.

FALL TERM

A. The cow. (For college students this will include dairy bacteriology.)

WINTER TERM

B. The horse, hog, and sheep.

SPRING TERM

C. Poultry.

IV. AGRICULTURAL BOTANY

A theoretical and practical study of the feeding, breeding, and management of agricultural plants.

Lectures, 1 hour. Practical work *8 hours. I credit.

A. Field crops.

B. Orchard crops. (This will include pruning, grafting and spraying.)

C. Market garden crops. This course includes the man-

*Two hours of work in the laboratory or field give a credit of one hour.

agemenet of hot-beds, cold-frames, and a practical application of the most approved methods of intensive market-gardening.

V. EXPERIMENTAL AGRICULTURE.

A small track of land will be used as an experimental farm, on which will be investigated agricultural porblems of value to the South.

VI. RESEARCH IN AGRICULTURE.

Problems of limited extent will be investigated under the supervision of the head of the department. 8 hrs. 1 credit.

Astronomy—Prof. Taylor

ELEMENTARY ASTRONOMY

1 hr. One-fifth credit.

Bible

I. A COMPARATIVE STUDY OF THE BIBLE

This course is required of all preparatory students, and of the I., II., III., Normal classes. The work is so arranged that, although each year's work is independent, yet it requires three years to complete the course. 1hr. One-fifth credit.

II. HISTORICAL AND CRITICAL STUDY OF THE BIBLE FALL TERM.

Books, Dates, Authorship, Subject Matter, Object, Style, Criticism and Exegesis. 5 hrs. One-third credit.

Biology

As far as possible, the facts given in lectures and dictations are verified by original observation of living plants and animals in the laboratory and field. Dissections and microscopic work are accompanied by careful drawings and notes embodying the student's interpretation of the structure and function of each type studied.

I. ELEMENTARY ZOOLOGY

FALL TERM

A study of the external structure, habits and classification of animals.

Lectures and Recitation, 2 hours. Laboratory and Feld. 4 hrs. 1 credit.

A. Insecta, Arachnida, Centipedia, Millipedia, Crustacea.

WINTER TERM

B. Vermes, Molusca, Echinodermata, Protozoa.

SPRING TERM

C. Vertebrata and human physiology.

II. COMPARATIVE BOTANY.

A comparative study of the structure, habits, distribution and classification of plants, and of the nature and composition of soils and plant foods.

Lectures, 2 hours. Laboratory and Field Work, *6 hours. 1 credit.

III. COMPARATIVE ANATOMY of the INVERTEBRATES

A comparative study of the salient facts of general biology as illustrated by the invertebrates. Emphasis is placed on morphology, physiology and psychology.

Lectures, 2 hours. Laboratory and Field Work, *6 hours.

IV. EMBRYOLOGY AND COMPARATIVE ANATOMY OF THE VERTEBATES

The purpose of this course is to acquaint the students with the elements of animal embryology and of vertebrate anatomy and histology. A thorough study is made of the morphology of typical vertebrates and of the elements of histological technique.

The chicken and the frog will form the basis of the laboratory work in embryology.

Lectures, 1 hour. Laboratory *8 hours. 1 credit.

V. PRACTICAL ENTOMOLOGY; AN INTRODUCTION TO BIOLOGICAL RESEARCH

This course is planned to give special training in the methods employed by working entomologists. Especial attention

will be given to insects of the South.

Lectures, 1 hour. Laboratory, *10 hours. 1 credit.

VI. BIOLOGICAL RESEARCH

This work will be arranged to suit the individual needs and desires of the pupil. The completion of the course involves the consultation of the literature bearing upon the subject, and the preparation of a thesis embodying the results of the investigation. This course is for graduates studying for the master's degree. Laboratory, 20 hours. 2 credits.

BIOLOGICAL CLUB

Instructors and advanced students will report and discuss important articles in biological literature. Any one who is taking college work in Biology or Agriculture may become a member of this club.

BIOLOGICAL LABORATORY

Three rooms on the second floor of Ballard Hall are used as a Biological Laboratory. This laboratory is equipped with desks, individual lockers, compound and simple microscopes, microtomes, paraffin bath, injecting apparatus, staining fluids, aquaria, vivaria, formicaria, a stock room, and a dark room.

Chemistry—Prof. Peterson.

I. INORGANIC CHEMISTRY

Lectures 2 hours. Laboratory work 6 hours. 1 credit.

FALL TERM

A. Lectures on Inorganic Chemistry.
Laboratory work upon the non-metals.

WINTER TERM

B. Lectures on Inorganic Chemistry.
Laboratory work upon the metals and acid-radical and their separations.

SPRING TERM

C. Lectures on Inorganic Chemistry.
Qualitative Analysis.

II. AGRICULTURAL CHEMISTRY

Lectures 1 hr. Laboratory work 4 hrs. Three-fifths credit.

FALL TERM

A. Chemistry of the elements and compounds which are of the most importance to agriculture.

WINTER TERM

B. Chemistry of human and animal foods.

SPRING TERM

C. Chemistry of soils and fertilizers.

CHEMICAL LABORATORY

The Chemical Laboratory occupies a large, well-equipped room on the second floor of Ballard Hall. A modern science lecture-room, a dark-rom and a store-room adjoin this laboratory.

Cooking

(See Department of Domestic Economy.)

Domestic Science

(See Department of Domestic Economy.)

Drawing—Prof. Keith.

I. Form study and principles in the representation of form. Conventionalism applied in border and pattern drawing. A brief study of historic ornament and elementary color work.

2 hrs. Two-fifths credit.

II. MECHANICAL DRAWING

Geometrical problems, working drawings, developments, shadow-lines, inkings, projections, sections, inter-sections, plans, elevations. 2 hrs. Two-fifths credit.

For other courses in Mechanical Drawing See Manual Training III B, IV B, V B.

DRAWING FOR THE GRADES

FOURTH GRADE—Begin with a study of lines, horizontal, vertical, oblique, and parallel, be able to distinguish and use. Introduce some measuring and spacing. Combine lines in representation of familiar objects. Freehand work applying same work.

FIFTH GRADE—Continue the work begun in the fourth grade, using more complex forms and introducing curved lines with the necessary definitions involved.

Grouping objects based upon the use of these lines and made by combining them. This should be practiced both with instruments and freehand.

SIXTH GRADE—Angles taught, and used in connection with construction work.

Triangles drawn and the other more complex polygons constructed.

Freehand drawing of objects based upon the polygons and some object drawing.

SEVENTH AND EIGHTH GRADES—Projection taught leading up to working drawings of familiar objects. Patterns of the same objects made. Card board constructed of the objects drawn and of the type solids.

This work of these two grades is intended to develop accuracy in measurement, drawing and cutting. It must also develop neatness in the end.

Some of the fundamental principles of perspective will be taught near the close of the Eighth Grade.

Dressmaking

(See Department of Domestic Science.)

Electricity

(See Physics II)

English—Miss Overton and Miss Sweet

The work in English has been arranged with a view to securing following results: to give a general survey of English Literature from the earliest period to the present; to cultivate a fondness for reading, and an appreciation of good literature; to

give readiness and facility in both oral and written expression; and to train in rapid and intelligent note-taking.

It should be noted that the courses marked "a" and "b" are given in alternate years. By this arrangement, each student will be enabled to pursue a course in English each year, in accordance with the requirements.

1. Principles of English Composition. "Huntington's Elements of Rhetoric." The work based upon the text-book is supplemented by various written exercises and by practice in note-taking.

   Collateral reading: Irving's "Sketch Book," selections from Hawthorne's "Twice Told Tales," and Dicken's "Christmas Carol" and "Cricket on the Hearth." Entire year, First Preparatory and Normal.

2. A Brief History of English Literature. Howe's "Primer of English Literature." For class study: "The Ancient Mariner," "Ivanhoe," and "Merchant of Venice."

   Collateral reading: Irving's "Oliver Goldsmith," "Vision of Sir Launfal," and "The Talisman." Entire year, Second Preparatory and Normal.

3. Beuhler's "Lessons in English." For class study: "Julius Caesar," Burke's "Speech on the Conciliation with the American Colonies," and Macauley's "Essay on Milton."

   Collateral reading: "Last of the Mohicans," "Midsummer Night's Dream," and "Vicar of Wakefield." Entire year, Third Preparatory and Normal.

4. Prose Composition and Rhetoric. Carpenter's "Elements of Rhetoric."

   Collateral reading: Dickens' "Tale of Two Cities," "Idyls of the King," and "Henry Esmond." Entire year, Freshman College and Higher Normal.

5. English Poetry from 1730-1837. This course includes a study of the biographies and most important poems of Burns, Scott, Byron, Wordsworth, Shelley, Keats and Coleridge. Entire year, Sophomore College and Senior Higher Normal.

6a. Study of Halleck's "History of English Literature" to the period of the Restoration. Special study of the rise and decline of the drama, including works of Shakespeare selected to show the classification of his plays by periods. Entire year, Junior College.

6b. Completion of Halleck's "History of English Literature." Special attention to Milton and writers of the Queen Anne Period. Entire year, Senior College.

French

I. Chardenal's Grammar; "Madame Therese," Erckmann-Chartrain: "Jeane d'Arc," Lamartine. "La Cure de Tours," Balzac. 3 hrs. Three-fifths credit.

II. Translation and sight-reading. Texts: "Scenes de la Revolution Francaise," Larmartine; "Le Siege de Paris." Sarcey; "Columbia," Merimee "La Tulipe Noire," Dumas; "Le Pecheur d'Islande." Loti; "Hernani," Hugo. 5 hrs. 1 credit.

Geology

I. ELEMENTARY GEOLOGY

Recitations and Field Work in Elementary Geology and Palaeontology. 2 hrs. Two-fifths credit.

German

I. Harris' "German Lesson"; Super's "Elementary German Reader." 4 hrs. 1 credit.

1. Harris' "German Lessons"; Super's "Elementary German an equivalent; Thomas' Practical German Grammar.

Schiller's "William Tell," or "Jungfrau von Orleans." 4 hrs. credit.

III. "Hermann and Dorothea," Goethe; "Easy classics for rapid reading." 3 hrs. Three-fifths credit.

IV. Gore's Scientific German. 3 hrs. Three-fifths credit.

Greek—Pres. Crogman and Miss Crogman.

I. Grammar and Reader. 4 hrs. 1 credit.

II. Greek Literature. 4 hrs. 1 credit.

FALL AND WINTER TERMS.

A. Xenophon. Anabasis.

SPRING TERM

B. Homer. Illiad or Odyssey.

III. Greek Literature (continued) 5 hrs. 1 credit.

A. Herodotus. { Invasion of Greece by Darius. / Battle of Thermopylae. / Invasion of Xerxes. / March to Europe. / Battle by Marathon.

B. Plato. Selections from Apology and Phaedo.

SPRING TERM

C. Xenophon. Memorabilia of Socrates.

IV. Greek Literature (continued) 4 hrs. 1 credit.

FALL AND WINTER TERMS

A. Demosthenes.

SPRING TERM

B. Tragedy. Aeschylus. Premetheus Bound.

History—Miss Overton

I. GENERAL HISTORY.

I. A. Greek and Roman History.
B. Mediaeval History.
C. Modern History.

II. English History. 2 hrs. 1 credit.

III. CIVIL GOVERNMENT

Brief Governmental History of the United States: Political Divisions: State, Teritory, County, City, Township, School District: Federal, State and Town Government, Duties of each: Duties of Citizens: Constitution of the United States: Constitution of Georgia.

1 hr. One-fifth credit.

SPRING TERM

IV. SOCIOLOGY AND MODERN HISTORY

2 hrs. Two-fifths credit.

Latin—President, Miss Crogman and Miss Sweet.

I. Grammar and Reader 4 hrs. 1 credit.
II. Latin Literature 4 hrs. 1 credit.

FALL AND WINTER TERMS

II A. Caesar or equivalent.

SPRING TERM

B. Cicero's Orations.

III. LATIN LITERATURE (Continued.)

4 hrs. 1 credit.

FALL TERM

A. Cicero's Orations. Completed.

WINTER AND SPRING TERMS

B. Virgil's Aeneid.

IV. LATIN LITERATURE (Continued)

5 hrs. 1 credit.

FALL TERM

A. Livy. Book XXI.

WINTER AND SPRING TERMS

B. Horace, Odes: De Senectute.

V. LATIN LITERATURE (Continued)

5 hrs. 1 credit.

FALL AND WINTER TERMS

A. Tacitus. Germania and Agricola.

SPRING TERM

B. Pliny's Letters.

Manual Training—Prof. Keith

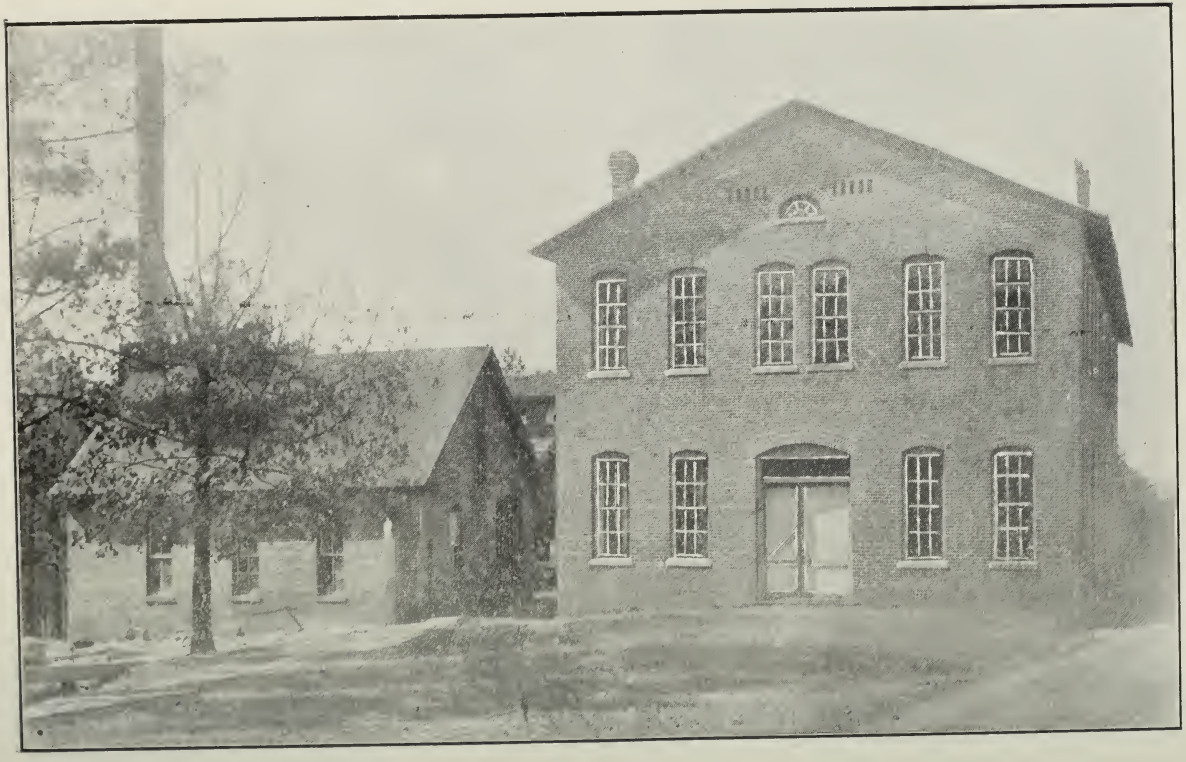
I. ELEMENTARY SLOYD

The sloyd syste mof knife work will be taught. The aim of the work in this course is to develop accuracy in laying off work and in cutting out of same. This training also forms a scientific basis for cabinet and fine carpenter work.

In all sloyd construction thin wood will be used and different varieties introduced as the work advances. The natural characteristics of each wood used will be considered in connection with the construction work.

Required of all Sixth Grade Boys.

President's Residence



Ballard Hall

III A. WOOD-WORKING

Marking, sawing, planing, squaring, boring, chiseling and nailing. Application of these in making of joints and close fitting frames, boxes, surfaces, etc. 2 hrs. Two-fifths credit.

III B. MECHANICAL DRAWING.

1 hr. One-fifth credit.

V B. MECHANICAL DRAWING

Same as in first and second years, and including finished drawings in ink of all pieces made in wood or steel.

1 hr. One-fifth credit.

Manual Training for Girls.

(See Department of Domestic Economy.)

Mathematics—Prof. Taylor.

I. Elements of Algebra.	5 hrs.	1 credit.
II. Plane Geometry.	5 hrs.	1 credit.
III. Advanced Algebra.	5 hrs.	1 credit.
IV. Solid Geometry and Plane Trigonometry.	3 hrs.	Three-fifths credit.

Music—Mrs. Hamlin

PIANO MUSIC

It is the purpose of this course to prepare the students for practical work as soloists, teachers or accompanists. The course is designed to cover a period of six years. And one completing this should be able to secure a diploma from a good conservatory in one or one and a half years.

Pupils entering this department are classified with reference to the amount of musical work they can do, not with reference to what they have had.

Pupils above the Third Grade are required to attend the class in Harmony twice a week. Qualification in this branch of

music is necessary in order to receive a certificate from the department.

An exhibition of the department will be given during each school year, and all pupils, who are capable of doing so, are required to participate.

Many opportunities are afforded advanced pupils for playing on public occasions in the school chapel.

The pianos in the school building are under control of the Musical Department and must be used only by the pupils of the department.

Pupils pay fifty cents per term for one hour daily practice on the instruments, but may arrange to practice a longer period by paying fifty cents per term for each additional hour he may practice daily.

Tuition in this department: Twenty lessons for five dollars. Each pupil is required to pay a musical library fee of twenty-five cents per year.

Each pupil receives two lessons a week.

I. FIRST GRADE

National Graded Course—Book I, or Sartorio Method I. The Major scales (one octave). Six Duets, Sartorio Op. 374. Twelve Pieces (four hands) Reinecke Op. 54. Little pieces from Krogmann, Lichner, Sachs, Beyer, Straebog, Gurlitt and others.

II. SECOND GRADE

National Graded Course, Book V. Bach's Preludes and inven- Major and Minor Scales (two octaves). Gurlitt 50 and 199 Op. Brauer's 12 Etudes Op. 15. Selected Studies—Rentling I. Lynne's Op. 26, Sonatinas, Clementi. Solos and Duetts from Classic and Modern Composers.

III. THIRD GRADE

National Graded Course—Book III. or Sartorio Method. Major and Minor Scales in All Keys. Czerney's Op. 453. Biehl's Studies for Left Hand Op. 153. Beihl's Op. 79. Three Sonatinas Op. 47. Reinecke, Sonatinas from Kuhlan. Solos and Duetts from Classic and Modern Composers.

IV. FOURTH GRADE.

National Graded Course Book IV. or Satorio Method Book

IV. Czerney's Velocity Studies. Hellers Op. 45 and 46. Czerneys Studies for the Left Hand (Op. 718). Selected Octave Studies, Presser. Kraus Trill Studies. Sonatas from Haydn and Mozart. Symphonies from Haydn, Mozart. Selections from Modern Composers.

V. FIFTH GRADE.

National graded Course, Book V. Bach's Preludes and inventions, also selections from English Suite. Beren's Velocity School Op. 61. School of Embellishment, Liebert and Stork. Splinder's Technical Studies Op. 141. One Beethoven Sonata, Three Mendelssohn Songs, Two Chopin Waltzes, Two Chopin Noctournes. Harmony and Musical History.

VI. SIXTH GRADE

Czerney's Op. 740. W. G. Smith's Five-Minute Studies (Op. 63). Couppey's 15 Etudes Op. 25. Seven Octave Studies Kullak. Kohler's School for the Left Hand. One Beethoven Sonata. Concertos (2) Selected. Bach Selections from modern composers. Harmony and Musical History.

VOCAL MUSIC

Vocal music is taught in all grades from the Primary through the College Preparatory and Normal Courses. Owing to the increasing demand for teachers qualified in this branch, vocal music has been placed upon equal footing with other studies in the curriculum and all students are required to give satisfaction in this study before graduation from any department. The Music in the grades consists of that covered by the series of music readers in the Educational Course by Ginn & Co.

COURSES OF INSTRUCTION

I. First Year, Normal and Preparatory—Elementary work in notation. Drill in intervals, time exercises, etc. Four part singing.

II. Second Year Normal and Preparatory—Review of the first year's work. The study of hymns, anthems, part and songs. Analysis of minor scale. Written Work.

III. Third Year, Normal and Preparatory—Review of the second year's work. Difficult salfeggi. Written work. The study of oratorio choruses, cantatas, etc.

IV. Fourth Year. This year is devoted to the study of methods and the student must do actual work of teaching music in the grades.

A choral union of probably forty or more voices will meet for rehearsals twice a week. This union will furnish the singing for public worship, and each year will render one of the important oratorios or cantatas.

Pedagogy—Prof. Rowell

I EDUCATIONAL PSYCHOLOGY

A study of the Nervous System, the Senses and their cultivation and the development of the expressive in connection with the receptive faculties; Memory and the Laws of Association, Imagination, Thinking, Emotion, Feeling and Willing. Attention, Interest and Desire are studied in connection with other powers of mind. During the Spring Term Psychology is reviewed and Psychological Laws of the various activities of the mind are stated by the student and he then forms Pedagogical Rules to supplement these laws. 3 hrs. Thee-fifths credit.

II. MEHODS

A study of General Method with application to the teaching of common branches.

Constant reference is made to Pedagogy I, so that the Psychological foundation is fully brought out. Much emphasis is placed upon the importance of real observation of things themselves and the complete expression of the ideas gained. It is shown that ideas may be expressed in the general bearing of the body, dress and surroundings, actions, drawings, models, plans and manufactures and by means of oral and written statements and in composition.

Model lessons are given by the instructor, students taking notes, after which is a class review and full discussion is entertained. Students are selected to teach lessons before the class to be criticised by class and intsructor. Our large Grade Department offers splendid opportunities for observation and practice in Methods of Instruction.

4 hrs. 1 credit.

III. PRACTICE TEACHING AND CRITICISM

Seniors and Fourth Year Students teach a subject in the Grades one hour each day during the year. They are responsible for discipline and instruction under observation of a critic teacher.

In criticism good as well as faulty points are noted and class discussion upon school management and general principles are frequent. 5 hrs. 1 credit.

IV. REVIEW

Arithmetic, Grammar, Geography and General Reviews.

3 hrs. Three-fifths credit.

FALL TERM

V A. Moral Science.

The relation of Ethics to home school and religious life. Methods of teaching ethical principles.

3 hrs. Three-fifteenths credit.

WINTER AND SPRING TERMS

V. B. History of Pedagogy.

Reading from Camparye and references.

3 hrs. Three-tenths credit.

Philosophy—Prof. Peterson

FALL TERM

DEDUCTIVE AND INDUCTIVE LOGIC.

5 hrs. One-third credit.

WINTER TERM

II. CHRISTIAN EVIDENCES

Historical, archaeological and internal evidences.

5 hrs. One-third credit.

WINTER TERM

III. ETHICS

5 hrs. One-third credit.

SPRING TERM

IV. HISTORY OF PHILOSOPHY

Greek and Roman Philosophy; Mediaeval and Renaissance

Philosophy; Eighteenth Century, and Recent Philosophy.
5 hrs. One-third credit.

Physical Geography—Miss Overton.

Class discussions, and recitations guided by Davis' "New Physical Geography." 2 hrs. Two-fifths credit.

Physics—Prof. Taylor

I. ELEMENTARY PHYSICS

The text-book used is Gage's "Introduction to Physical Science." The laboratory work is guided by "Gage's Physical Experiments." Recitations and lectures 2 hrs.
Laboratory *4 hrs. 1 credit.

FALL TERM

A. Mechanics and heat.

WINTER TERM

B. Heat (continued), sound and light.
C. Electricity and magnetism.

II. ADVANCED PHYSICS

The text-book is Gage's "Principles of Physics." Recitations and discussions 2 hrs.
Laboratory, 2 hrs. Three-fifths credit.

FALL TERM

A. Mechanics and heat.

WINTER TERM

B. Sound and light.

SPRING TERM

C. Electricity and magnetism. This work will be largely experimental, especial emphasis being placed upon electrical measurements and upon the construction of electrical instruments.

Physical Laboratory

The Physical Laboratory occupies two well-equipped rooms on the third floor of Chrisman Hall. It has been recently fitted up with tables and apparatus.

Printing—Mr. Lowery

I. Learning cases, names and style of type, composition, care of press, care of type, name and uses of printers' materials. 6 hrs. Three-fifths credit.

II. Lectures on job work. Transfering of matter. Job work. Uses of presses. Correcting proof. 9 hrs. Three-fifths credit.

III. Lectures on Art of Printing. Job work in colors. Making up newspaper forms. General press and book work. Lectures on styles. 6 hrs. Three-fifths credit.

Psychology

Lectures and laboratory work in modern psychology. Lectures, 2 hrs. Laboratory 2 hrs. Three-fifths credit.

Sloyd

(See Manual Training.)

Wood Working

(See Manual Training.)

DEPARTMENT OF DOMESTIC ECONOMY.

This department is carried on in Thayer Home, a modern and convenient edifice on the campus, erected and maintained by the Woman's Home Missionary Society of the M. E. Church. The object of this home is to train young women not only in cooking, housekeeping, dressmaking, etc., but in Christian womanhood. The work of this home is done by the occupants alternately, so as to give all a practical knowledge of housekeeping. Lectures are given on domestic science, food, dress, physical culture, and social ethics. In short, the aim of the home is to fit young ladies to conduct and adorn a model Christian home. A kindergarten has been in operation three years and we aim that this department shall not only afford training for the children, but a course for the benefit of young women who look forward to work among the children.

COURSES OF STUDY.

Dressmaking.

I. Taking measures and drafting patterns from them. Cutting and making foundation skirts from measure. Basting and fitting. Talks on selecting material and planning dresses. Making book of models. Practice work.

II. Fine hand work, making baby linen, outlining, drawn work and fancy stitches. Making book of models. Practice work. Continuation of general dressmaking.

III. Study of system of dressmaking. Designing and trimming skirts, waists and sleeves. Making book of models. Practice work covering the entire course.

Time required:

Drafting.. .. ..2 lessons a week.
Model work.. .. ..2 lessons a week.
Practice work .. ..10 hours a week.

All students in dressmaking are charged one dollar per month tuition, and are required to provide themselves with shears, tape-measure and thimble.

Certificates from two courses will be given from this depart-

ment. Candidates for the first must have a general English education, and will be recommended as dressmakers.

For the second, in addition to the requirements of the above course, candidates must be graduates from the Normal course or from the College Preparatory course, with one year of practice teaching in sewing, and will be recommended as teachers of sewing.

Sewing.

Grades.—Sewing in the grades includes linear sewing, on cardboard, canvas, and cloth, overhanding, hemming and running, felling, backstitching, gathering, and putting on bands, practicing buttonhole-stitches and darning. Making small garments, also plaiting rafia, etc.

Two lessons per week. Time: Each lesson, 45 min.

Normal and Preparatory Courses.

The following courses are a part of this school curriculum and are required of all young women, of the Normal and College Preparatory work.

Sewing.

I. Overhanding, hemming, running, felling, backstitching, gathering, stocking-gathers and putting on bands; overcasting, buttonhole stitching, hem-stitching, cross-stitching, feather-stitching; outlining; practical application of above stitches; cutting and making of undergarments by pattern.

II. Folding and basting hems by measure; tucking, darning, and patching; instruction in taking measure, and drafting patterns for underclothing, cutting and making of garments; practice work.

III. Plain machine work; drafting continued, buttonholes and eyelets; cutting and making garments and shirt waist suits.

One lesson a week. Time: 1 hr. 30 min.

Cooking.

Air, in relation to life and fire; fuels; management and care of stove or range. Water, cleanliness and cleaning. Definitions, tables, rules. Fuel, foods; starchy plants, potatoes, cereals, etc. Tissue-building foods; eggs, milk, dairy products. Bread, wheat flour, baking-powder, yeast. (Theory and prac-

tice work.)

II. Food in its relation to life; body stuffs and food stuffs. Diet. Tissue building foods; the flesh of animals, poultry, fish, etc. Fuel foods; fats and oils; cooking in fat; sugar; candies, cake, desserts, ice cream and water ices. Acid and salt supplying food; fruits, vegetables; salads, cream of vegetable soups.

III. Preservation of food; canning, jelly-making, etc. Special diets for infants and invalids. Beverages.

Practice work in teaching.

Review work in bread-making.

IV. Practice work in preparing meals and fancy dishes, course dinners, dietary studies.

One lesson a week. Time: 1 hr. 30 min.

For use of materials, a charge of 50c. per term is made; payable in advance.

Domestic Art.

Drafting and sewing.

Drawing and water colors.

Nature study.

Art needle work.

Weaving and basketry.

Home furnishing and decoration.

Drafting and Sewing.—This course includes demonstration lessons in drafting in connection with and construction for mechanical drawing.

Drawing and Water Color.—This gives the fundamental principles of drawing, composition and design, embracing the elements of industrial art, and aims to develop the appreciative creative art power in the individual pupil.

Lectures on the theory, classification, and harmony of color, based on the solar spectrum; also practical work with pigments in coloring from nature, and applied to elementary art and costume.

Nature Study.—This work is based on the development of cotton and linen from the seed through the various stages to the woven fabric; also study of the sources from which the fabrics are obtained, as the sheep, silk worm, etc. Nature study talks on the various articles used; as pins, needles, scissors, thimbles, buttons, etc., from the rude material to the furnished articles.

Art Needle Work.—This teaches the application of art in decorative stitchery to garments, and household articles.

Weaving and Basketry.—The principles of plain and fancy weaving are taught, with practical work on the hand loom, in threads, beads, rafia and other materials. Basketry is studied for its value in manual training, as well as for the pleasure and profit derived from this useful and decorative art. Originality in form and design on the part of the student is encouraged. This course teaches the method of making baskets of various weaves and shapes, in rafia, splint, reed, grasses and other materials. Also chair seating in cane and knotted rafia mats, hats, etc. Lectures are given and written work required on the history of ancient and modern basketry.

Home Furnishing and Decoration.—Lectures given on the treatment of walls, floors, and ceiling; also the selection of furniture, pictures, rugs and hangings.

One lesson a week. Time: 1 hr. 30 min.

I. Lectures and written work on the history of sewing, its aim and object in education. Lectures and practical work.

Lectures and written work on the textiles—cotton, linen, wool and silk, also on articles used, as scissors, pins, needle, etc.

Drafting and making the undergarment.

II. Drawing and designing. Lectures and written work on basket-making. Practical work on basket-making.

III. Drafting and making a shirt waist suit. Theory and practical work on color in costume and in home decoration.

Kindergarten.

In the Kindergarten the children learn to do by doing. The Kindergarten includes education through games, through songs, and rythmic exercises, through the handling of typical playthings, and through the use of typical employments, and through exercises and conversations based upon the study of nature, and of human life, all of this being carried on in accordance with certain fundamental laws, that are found operating throughout the universe.

Tuition one dollar per month.

For particulars concerning any department in school of domestic science, address Miss Flora Mitchell, Superintendent, Thayer Home, South Atlanta, Ga.

TABULATED COURSES OF STUDY.

In a school of this kind it is neither possible nor desirable to have the studies elective. Therefore we have formulated the following balanced courses of study, any one of which may be selected by the student. Full explanations of the courses will be found, arranged in alphabetical order, in the "Synopsis of courses of study."

CLASSICAL—[Collegiate Course]

HIGHER NORMAL---(Collegiate Course.)

The Higher Normal Department was organized to prepare a class of students to fill demands upon the university for teachers to take positions in academies, and high schools, and in city systems. This provides for a complete college preparatory course with two years of additional training in English, Science and Pedagogy.

CHARTER OF CLARK UNIVERSITY

The petition of Gilbert Haven, Richard S. Rust, Mary J. Clark, Eliphalet Remington, Joseph H. Chadwick, Washington C. DePauw, Henry K. List, Eliza Chrisman, Robert T. Kent, Charles O. Fisher, John C. Kimball, Josiah Sherman, Theodore G. Eiswald, William H. Crogman, James Mitchell, Henry R. Parmenter, George Standing, James V. Martin, Seaborn C. Upshaw and E. Q. Fuller, shows that they are the Trustees of Clark University, in the city of Atlanta, in said county, and that they desire that they and their associates shall become a body corporate and politic, by the name of

"The Trustees of Clark University,"

and that they, and such persons as shall be duly elected members of said corporation, shall be and remain a body corporate by said name for twenty years, with the privilege of renewal at the end of that term.

The said corporation not being for profit, and no stock, dividends or other pecuniary gain accruing to the corporators, but being simply intended for the advancement of learning, and the accomplishment of good, they have no capital stock, and only such property as has accrued from the benefactions of the charitable and philanthropic; and for further acquisitions, and to effect the objects of incorporations, must look to the income from present possessions (which are valued at Forty Thousand Dollars, and consist of the buildings and grounds now occupied by said University, furniture and apparatus, land in Fulton County, and Atlanta City bonds), and to bequests and donations and prudent management.

That the location of said University and the place of business of said corporation is in said county.

That the object and business of said corporation are to establish and perpetuate a University, and thereby promote learning, afford suitable opportunities for the acquirement of knowledge, and to foster piety and virtue as essentials of proper education; and for the orderly conducting of the business of said corporation, petitioners desire:

1. That said corporation shall have power and authority from time to time, as occasion may require, to elect a President, Vice-president, Secretary and Treasurer, and such other officers as may be found necessary, and to declare the duties and tenures of their respective offices, with the power of removal, and the right to fill vacancies in the way and manner, for the causes, specified in the by-laws of the corporation; and also to elect new members of said corporation, provided the number of members shall never be less than ten nor greater than thirty, and at least ten shall be necessary to constitute a quorum when any change is made in the by-laws, a Trustee removed; or a vacancy in the Board filled.

2. That the said corporation shall have full power and authority to determine at which times and places their meetings shall be held, and the manner of notifying the Trustees to convene at such

meetings; to establish Boards of Instruction in all departments of science, literature and the arts, and to determine and regulate the course of instruction; to elect a President of said University, and such professors, tutors, instructors and other University officers as they shall judge for the interests thereof, and to determine the duties, salaries, emoluments, responsibilities and tenures of their respective offices, to confer degrees; and generally to make and ordain such rules, orders, regulations and by-laws as shall not be repugnant to the Constitution and the laws of Georgia or the United States; provided no degree shall be conferred but upon the recommendation of the appropriate faculty, and no instructor in said University, except in the Theological Department, shall ever be required by the Trustees to profess any particular religious opinions as a test of office, and no student, except in the Theological Department, shall be refused admission to or denied any of the privileges, honors or degrees of said University on account of the religious opinions which he may entertain.

3. That said corporation may have and use a common seal, which they may alter and renew at pleasure; and may sue and be sued, plead and be impleaded, by said corporate name.

4. That they, their associates and successors, as Trustees, under said corporate name, shall have the right and power to receive by donation, gift or will any property, real or personal, and to rent, lease, purchase and hold such real or personal property as may be necessary to effect and promote the objects of incorporation, and to dispose of the same at pleasure, being fully empowered to do all such acts as may be necessary for the legitimate forwarding and execution of the objects of incorporation; provided that the clear rents and profits of all property, real and personal, of which said corporation shall be seized and possessed shall be appropriated to the maintenance and endowment of said University in such a manner as shall most effectually promote virtue and piety, and learning in such of the languages and of the liberal and useful arts and sciences as shall be recommended from time to time by the said corporation, they conforming to the will of any donor or donors in the application of any charter which may be given, devised or bequeathed for any particular object connected with the University.

Petitioners further pray that this their application may be entered for record on the Minutes of Fulton Superior Court, that it be published in "The Methodist Advocate," of Atlanta, and that, after due record and publication, an order be passed granting the incorporation as desired.

CANDLER & THOMPSON,
Petitioners' Attorneys.

A true extract from the Minutes of Fulton Superior Court. March 19, 1876.
JAMES D. COLLINS, C. S. C.

STATE OF GEORGIA,
FULTON COUNTY.
To the Superior Court of said County:

The petition of John M. Walden, Wm. H. Crogman, R. S. Eggleston, Charles M. Melden, Seaborn C. Upshaw, W. H. Formosa, John P. Wragg, Wm. I. Haven, Willis M. Everett, Geo. Standing, John T. King, John W. Price, John Watts, Fannie Clark Davis, Aaron P. Melton, Geo. W. Arnold, William Deering, Matthew M. Alston, Henry W. Warren, John W. Hamilton, Jos. C. Hartzell, Daniel A. Goodsell, Richard S. Rust, Silas A. Peeler, Madison C. B. Mason, James Mitchell, and Wilbur P. Thirkield respectfully shows:

1. They are the duly constituted Trustees of Clark University of Atlanta, Ga.

2. That the "Trustees of Clark University" is an educational corporation and was duly incorporated by the Superior Court of Fulton County, on the 7th day of May, 1877, as will fully appear by reference to the records found in Minute Book "M," pages 545 and 622.

3. Your petitioners pray that the aforesaid corporation be revived for a term of twenty years and that they and their successors in office be clothed with all powers and possessed of all the rights and privileges conferred by said charter upon said original corporation and be subject to all the debts, liabilties and burdens of the old corporation which shall be hereby revived.

WILLIS M. EVERETT,
Atty. for Petitioners.

Filed in office June 26, 1900.
G. H. TANNER, Clerk.

Upon hearing the foregoing petition and it appearing that said petition has been published as required by law, it is ordered and adjudged by the Court that said corporation be and the same is hereby revived for a term of twenty years, unless sooner revoked by law, and that the said

"Trustees of Clark University"

be clothed with all the powers and possessed of all the rights and privileges conferred heretofore by this Court upon said original corporation and that it be subject to all the debts, liabilities and burdens of the old corporation which is hereby revived in it.

Judgment signed this 6th day of September, 1900.

J. H. LUMPKIN, Judge S. C. F. C.

STATE OF GEORGIA,
COUNTY OF FULTON.

I, G. H. Tanner, Clerk of the Superior Court of said County, do hereby certify that the foregoing is a true copy from the files and records of said court, of the Petition to Revive the Charter of

"Trustees of Clark University,"

and the order of said Court granting said petition.

Said Charter and order have been recorded in Charter Book 3, page 675, of Fulton County Records.

Witness my hand and seal of said Court, this the 7th day of September, 1900.

G. H. TANNER,
Clerk Superior Court,
Fulton County, Ga.

GENERAL INFORMATION

Clark University is a Christian School, founded in the year 1870 by the Freedman's Aid and Southern Education Society of the Methodist Episcopal Church. It is open to students of all classes, regardless of sex or color, the sole conditions of admission being a desire to learn, good moral character, and obedience to lawfully constituted authority.

Location

The buildings and grounds are located just south of the corporate limits of the city of Atlanta, Ga. The campus is sufficiently elevated to overlook the city, and has perfect drainage on all sides. It is beautifully shaded with oaks and pines which, with its elevation—1,200 feet above the sea level—makes it a delightful retreat even in midsummer. It would be difficult to find a more heathful location in the United States.

Accessibility

The South Pryor and Federal Prison electric line passes the campus gate, affording frequent communication with the center of the city. Atlanta is the great railroad center of the South, aud is readily accessible from all points. The city contains about one hundred thousand inhabitants, and enjoys all the conveniences of modern city life, making it an admirable location for a large school.

Buildings

Chrisman Hall, named in honor of Mrs. Eliza Chrisman, a large commodious brick building, heated by steam, is the main edifice. The two lower stories are devoted to recitation rooms, study rooms and offices; the upper, to professors' rooms, young men's dormitory, library, reading room and physical laboratory.

The chapel occupies the third floor of the south wing, and will accommodate an audience of six hundred. The dormitory accommodates one hundred students.

Warren Hall, a four story brick building, named in honor of Bishop Warren, contains the boarding department and young women's dormitory. The dining hall is large enough to seat comfortably three hundred students; the dormitory accommodates ninety. The building is well equipped with kitchen, laundry, store-room, cold-storage, etc.

Thayer Home, named in honor of Dr. Thayer, is furnished with all improvements of a modern model home. It accommodates about thirty young women, who are taught cooking and house-keeping as practiced in a well ordered household.

Ballard Hall is a brick structure, the gift of Stephen Ballard of Brooklyn, N. Y. The first floor is occupied by the Industrial Department. Large, well equipped Chemical and Biological laboratories and lecture-room occupy the second floor.

The Iron-working department occupies a one-story brick building.

There are also on the grounds a modern barn and other out buildings for the use of the Agricultural Department.

In addition to these buildings are five cottages used as teachers' residences.

Terms of Admission

Students under six years of age will not be enrolled.

Boarding students under fourteen years of age will not be admitted.

Students are admitted and classified by examination, or by certificates from schools approved by the faculty.

Every student may choose the course he wishes to pursue, but when it has been chosen, he cannot change it without the consent of the faculty.

Special students may select such courses as, in the judgment of the faculty, they are capable of pursuing profitably, but no change will be made in the schedule of recitations to accommodate them.

Pupils coming from other schools must present a certificate of honorable dismissal.

Government

No pupil will be assigned to a room or admitted to a class until he presents a ticket showing that he has settled with the registrar. The act of registration pledges all pupils to obey the

regulations of the school until formally released therefrom.

In addition to the observance of specific regulations, all students are expected to work. Immorality, the use of alcohol and tobacco will not be tolerated. The discipline of this school is designed to encourage self-government. Every influence is thrown around the students to develop culture and character. The purpose of the institution is to promote broad and accurate scholarship, along with a high type of character.

Only such as manifest earnestness and moral purpose can remain connected with the institution. Those who disregard the few neccessary rules framed for the individual and general good separate themselves from the University.

Privileges

Resident male students, sixteen years or more of age, who have been members of the school for at least one month, and who, during that time, have proved themselves studious and law-abiding, shall be regarded as privileged students. These are permitted to be absent from the grounds between the hours of 4 p. m. and 5:30 p. m. on school days, and between 2 p. m. and 5:30 p. m. Saturdays. No other resident student is allowed to leave the campus without permission.* Young women are not permitted to leave the grounds at any time without a chaperone.

The Religious Atmosphere

The life of the university from its beginning has been directed by men and women of unswerving faith in Christianity. No religious tests are imposed on any student. Perfect freedom is guaranteed to everyone. At the same time it is true that the authorities of the University believe that religious development is a matter of primary importance, and that no intellectual culture can compensate for dwarfing of the religious nature. The atmosphere of the University is frankly and unequivocally Christian. It stands for broad and strong scholarship and the highest moral and religious life.

Chapel exercises are held every day in the week, with the exception of Saturday and Sunday, under the direction of members of the faculty. All students are required to be present at these exercises.

The University is a regular appointment in the Atlanta

*Juniors and Seniors at any time that will not conflict with their studies.

Conference. The Professors of Gammon Theological Seminary supply the pulpit.

Board and Room

The dormitories of the institution have been fitted up with the view of making the students, occupying them, as comfortable as possible in every way. The rooms are all well lighted and are furnished with plain and substantial furniture. As many of the teachers occupy rooms in these dormitories, the opportunity for association with them is a valuable part of the training received.

The boarding department has recently been refitted and every effort is made to give the students good wholesome food.

All students attending the University are required to board and room on the campus, unless living with their parents or relatives, or when especially excused by the president. We most heartily recommend that all students arrange to secure accommodations on the grounds.

All bills for room and board are due and payable strictly in advance, students being required to meet their bills every four weeks. Students whose bills are not settled when due will be excluded from the dining room and class rooms until the accounts are settled.

A deposit of two dollars is required of all boarding students upon entering school to cover possible damages to room furnishings. When a student withdraws from school, all the money not expended for damages is refunded.

Expenses

Board, per four weeks	$ 7.50
Room, fuel and light, per four weeks	1.75
Washing, per four weeks	1.00
Incidental fee per four weeks—	
Members of Grade School	1.00
All others	1.75
Laboratory fees, per term—	
Biology I	1.00
Chemistry	2.00
All others	1.50
Library fee for students above the grades	.50

Supply fee for Grade Students	.25
Late registration fee	1.00
Special examination fee	.50
Instrumental or Vocal Music—	
Twenty lessons	5.00
Use of piano, one hour per day, per term	1.00
Musicial Library fee, per term	.25
Manual training fee, per term	1.00
Fees for diplomas and certificates—	
College degrees	5.00
Higher Normal degree	3.00
Common Normal	2.00

Self-Help

The question of expense is always perplexing for the reason that most students who go to college in the south are purposeful young people who must largely support themselves. Students are urged to help themselves as far as possible, and some do earn their way while attending the University. The institution requires of every boarding student one hour's work each day for the University. For work done over this time, wages are paid at the rate of 7 1-2 cents per hour. Hitherto we have been able to furnish a few students with work on the campus to the amount of two or three dollars per month, but we can not guarantee to furnish work. Atlanta offers many facilities to those desiring employment, and we can often assist them to secure positions. Independence and self-reliance are constantly taught. It is possible for a few deserving students to secure loans, through the recommendation of the University, from the board of education of the Methodist Episcopal Church. It is the rule of the Board of Education to make such loans only to worthy students in the advanced classes.

Advice

On arriving in Atlanta, take any east bound car at the railroad station and ask for a transfer to the Federal Prison Car and get off at the campus gate, in full view of the University buildings. Bring your check with you and present it to the clerk who will have your trunk transferred for twenty-five

cents. Pay no attention to hackmen; many will overcharge you.

Plan to arrive in the city in daylight, as it is inconvenient to reach the University at night. The cars cease running at 12 p. m.

When parents send daughters without an escort, if they will notify the president of the time of their arrival, some one will be in waiting at the station to receive and conduct them to the University.

Students should deposit their money in the University safe and draw it as occasion requires, in order to insure economy and safety.

Parents are requested to send money direct to the President, who will credit it as directed, and send a receipt by return mail. Remittance direct to the President will guard against extravagance. Instructions from the parents as to the amount to be allowed for personal expenditures will be strictly followed.

Students should be provided with umbrellas, overshoes and waterproof garments as recitations are conducted without regard to weather.

EVERY STUDENT MUST PROVIDE HIMSELF WITH SHEETS AND PILLOW CASES AND A STOUT BAG IN WHICH TO CARRY HIS CLOTHING TO AND FROM THE LAUNDRY. CLOTHING MUST BE PLAINLY MARKED, IN INDELIBLE INK, WITH THE OWNER'S NAME.

Without text books it is impossible to accomplish satisfactory work. We cannot expose both student and teacher to such a serious disadvantage, and, therefore, shall exclude from the classroom all students who are not provided with necessary books. Every boarding student is expected to come furnished with a Bible. Students must pay for books when they take them from the office. No credit on books.

Library—L. Taylor, Librarian

There are about two thousand volumes in the Library. Will not some benevolent friends endow this Library, so that each year it may be replenished with valuable works as they are issued from the press?

Reading-Rooms

The students have access to two reading-rooms: one in Warren Hall for the young women and one in Chrisman Hall for the

young men. These rooms will be supplied with the leading magazines and secular and religious papers.

Literary Societies

The Alpha Sigma for young men and the Marigold Club for young women furnish ample opportunities for the cultivation of extemporaneous speaking and parliamentary experience.

Adjunct Schools

Principals of high schools, and of grammar and district schools, will be furnished with catalogues containing our course of study. We invite correspondence with the view of making their courses and ours articulate as closely as possible, so that students may enter the University at any time without suffering the disadvantages arising from widely diverging courses of study. Most of our patronage must come from public schools, but we are especially anxious to cultivate friendly relations with Cookman Institute, Jacksonville, Fla.; La Grange Academy; The Haven Academy, Waynesboro, Ga., and the Haven Home, Savannah, Ga. We invite correspondence from the principals of these schools with regard to pupils who may desire to enter advanced classes. Address the President of Clark University, South Atlanta Station, Atlanta, Ga.

The Marigold Club Scholarship

The Marigold Club Scholarship of $50 is open to the young women of the school on the following conditions:—

No. 1. The scholarship is to be given to an ambitious girl prepared to begin either the Higher Normal or College Preparatory work of the Third Year.

No. 2. She must be a sincere, sober and zealous Christian young woman.

No. 3. She must pass special examinations in Second Year English, Latin, Mathematics and History with an average of 90 per cent.

In the work of the Third Year she must maintain an average of 80 per cent. in order to retain the scholarship for the following year.

No. 4. If a Clark University student, she must maintain an average of 80 per cent. in her past year's work, in order to be a candidate for the scholarship. She must also have an

unquestionable record of deportment.

No. 5. She must, at the time of examination, write an essay containing five hundred words on some subject presented by the Marigold Club. The essay, together with her examination paper, is to be rated by the English Instructor of Clark University and one Instructor from each of two other Universities. The essay must be marked as high as 90 per cent.

No. 6. Any young woman desirous of taking the examinations for the scholarship, must make formal application to the Secretary of the Faculty on or before the second Saturday after the opening of school in the fall. The examinations will begin on the third Friday of the school year. They will be held for the first time in October, 1907.

No. 7. The application for the scholarship must be endorsed by the principal of the school that the candidate last attended, by her pastor and by three good women of that church.

Uniform for the Young Women

The Faculty of Clark University have adopted a costume for the young women boarding on the campus, to be worn at the public exercises of the school, including Sunday services, and whenever students go off the campus.

These costumes will be provided at the school and no others will be accepted as substitutes. Arrangements have been made with one of the leading fims of the city, to furnish them at first cost. The suits will be made of heavy blue cheviot and will cost from $10 to $12.

The dressmaking department will duplicate the same costume in cheaper material for students who wish a less expensive suit. Hats will also be provided at the school.

Department of Instruction

The University comprises five departments: The College, The Preparatory School, The Normal School, The School of Agriculture, Manual Training, and Domestic Science, and The Grade School.

Information Relating to Entrance

The privileges of all departments of the University are extended to both sexes alike. The students of the College Preparatory and Normal Departments enjoy as a rule all of the

privileges open to the students in the College Department, including library, lectures, laboratories, religious and social privileges.

Examinations for admission to any of the departments of the University are held in the fall at the opening of the college year See announcements.

Students entering on other than registration days are required to pay a registration fee of one dollar in addition to other incidentals.

All applicants for admission to the first year of the preparatory or Normal Schools must either pass a satisfactory examination in subjects covered by the work of the Grade School of this Institution, or must present a certificate showing that they have completed an equivalent course in some other school.

All candidates for the B. Ped. degree must spend their Junior and Senior years in residence, and this residence must begin before the middle of October of their Junior year.

All College students are required to be in school by the middle of October of their Senior year.

Special Music Students

Special students in music will be enrolled on condition that they devote at least four hours per day to music, and that they take at least one other subject prescribed by the head of the department of music.

Admission to Advanced Standing

Candidates for advanced standing are not admitted later than October of the year in which they expect to graduate. All students from other schools must present certificates of honorable dismissal and give satisfactory evidence of preparation for the course that they desire to enter. The amount of credit to be obtained for work done in another institution is determined by a committee of the faculty. No advanced credit will be given without examination, except for work done in an approved school.

No student will be recommended for a Bachelor's degree until credit has been obtained for at least one full year of work in residence at this institution.

Admission on Probation

Any applicant deficient in not more than one of the subjects required for the rank to which he seeks admission, may be admitted conditionally by the Faculty. All such conditions must be removed before the student will be permitted to begin the work the next year.

It should be clearly understood that students admitted on probation, and students admitted on certificates from other schools, are subject to the following regulation:

If the work of the student, in his first term, shall prove unsatisfactory, he may be reclassified and required to review the work.

Courses of Study

The college offers the following courses: the Classical, the Scientific, the Literary and the Higher Normal. Graduates from the Classical Course receive the B. A. degree; graduates from the Scientific Course receive the B. S. degree; graduates from the Literary Course receive the B. L. degree; and graduates from the Higher Normal receive the B. Ped. degree.

Twenty recitations per week, or their equivalents, for four years are required for the B. A., B. S., and B. L. degrees. Twenty recitations per week, or their equivalents, for two years are required for the B. Ped. degree.

Throughout this catalogue the expressions "one hour", "two hours", "three hours," "four hours," and "five hours" per week are used. The expression "one hour" means one recitation per week throughout one term. Twenty recitations a week for one term are thus called "20 hours." Since there are three terms in the college year, 60 hours constitute a full year's work. The four years course, therefore, embraces 240 hours and the two years course embraces 120 hour's work.

Students who have received the B. Ped. degree, may, by completing an additional 120 hours of college work, receive the B. A., or B. L. degree.

The college studies are divided into the following groups; Astronomy; Biology; Chemistry; English; French; Geology; German; History; Latin; Greek; Mathematics; Psychology; Pedagogy; Philosophy; Physics and Mechanics.

The following studies are required of all of the four year

college courses for graduation:

Mathematics	20	hours
English	20	hours
Ancient and modern Language	10	hours
Natural Science	10	hours
Economics	5	hours

The following studies are required in the Higher Normal course:

Mathematics	10	hours
English	10	hours
Pedagogy	20	hours
Ancient or Modern Language	5	hours
Natural Science	5	hours
Economics	5	hours

All candidates for degrees are required to be present at the service at which the Baccalaureate sermon is preached, also at Commencement exercises. On these occasions academic costume (cap and gown) must be worn.

All University fees must be settled by each candidate before his diploma is issued to him.

Synopsis of Courses of Study

Agriculture—Prof. Parks.

I. INTRODUCTORY WORK IN AGRICULTURE.

The purpose of this course is so to teach the elements of intensive agriculture as to fit the pupils to teach agriculture in the rural and grade schools.

Lectures 2 hrs. Laboratory 2 hrs. Three-fifths credit.

II. INTRODUCTORY WORK in the USE OF FARM TOOLS.

This will include practical training in the use of the modern hand and horse farm tools and instruction in elementary farm surveying.

III. AGRICULTURAL ZOOLOGY.

A theoretical and practical study of the feeding, breeding and management of stock.

Lecture 1 hr. Laboratory 8 hrs. 1 credit.

FALL TERM.

A. The cow. (For college students this will include dairy bacteriology.)

WINTER TERM.

B. The horse, hog and sheep.

SPRING TERM.

C. Poultry.

IV. AGRICULTURAL BOTANY.

A theoretical and practical study of the feeding, breeding, and management of agricultural plants.

Lectures. 1 hour. Practical work *8 hours. 1 credit.

A. Field crops.

B. Orchard crops. (This will include pruning, grafting and spraying.)

C. Market garden crops. This course includes the management of hot-beds, cold-frames, and a practical application of the most approved methods of intensive market-gardening.

*Two hours of work in the laboratory or field give a credit of one hour.

V. EXPERIMENTAL AGRICULTURE.

A small tract of land will be used as an experimental farm, on which will be investigated agricultural problems of value to the South.

VI. RESEARCH IN AGRICULTURE.

Problems of limited extent will be investigated under the supervision of the head of the department. 8 hrs. 1 credit.

Astronomy—Prof. Taylor.

ELEMENTARY ASTRONOMY.
1 hr. One fifth credit.

Bible.

I. A COMPARATIVE STUDY OF THE BIBLE.

This course is required of all preparatory students, and of the I., II., III., Normal classes. The work is so arranged that, although each year's work is independent, yet it requires three years to complete the course. 1 hr. One-fifth credit.

II. HISTORICAL AND CRITICAL STUDY OF THE BIBLE.
FALL TERM.

Books, Dates, Authorship, Subject Matter, Object, Style, Criticism and Exegesis. 5 hrs. One-third credit.

Biology—Prof. King.

As far as possible, the facts given in lectures and dictations are verified by original observation of living plants and animals in the laboratory and field. Dissections and microscopic work are accompanied by careful drawings and notes embodying the student's interpretation of the structure and function of each type studied.

I. ELEMENTARY ZOOLOGY.
FALL TERM.

A study of the external structure, habits and classification of animals.

Lectures and Recitation, 2 hours. Laboratory and Field. 4 hrs. 1 credit.

A. Insecta, Arachnida, Centipedia, Millipedia, Crustacea.
WINTER TERM.

B. Vermes, Molusca, Echinodermata, Protozoa.
SPRING TERM.

C. Vertebrata and human physiology.

II. COMPARATIVE BOTANY.

A comparative study of the structure, habits, distribution and classification of plants, and of the nature and composition of soils and plant foods.

Lectures, 2 hours. Laboratory and Field Work, *6 hours. 1 credit.

III. COMPARATIVE ANATOMY of the INVERTEBRATES.

A comparative study of the salient facts of general biology as illustrated by the invertebrates. Emphasis is placed on morphology, physiology and psychology.

Lectures, 2 hours. Laboratory and Field Work, *6 hours.

IV. EMBRYOLOGY AND COMPARATIVE ANATOMY OF THE VERTEBRATES.

The purpose of this course is to acquaint the students with the

elements of animal embryology and of vertebrate anatomy and histology. A thorough study is made of the morphology of typical vertebrates and of the elements of histological technique.

The chicken and the frog will form the basis of the laboratory work in embryology.

Lectures, 1 hour. Laboratory *8 hours. 1 credit.

V. PRACTICAL ENTOMOLOGY; AN INTRODUCTION TO BIOLOGICAL RESEARCH.

This course is planned to give special training in the methods employed by working entomologists. Especial attention will be given to insects of the South.

Lectures, 1 hour. Laboratory, *10 hours. 1 credit.

VI. BIOLOGICAL RESEARCH.

This work will be arranged to suit the individual needs and desires of the pupil. The completion of the course involves the consultation of the literature bearing upon the subject, and the preparation of a thesis embodying the results of the investigation. This course is for graduates studying for the master's degree.

Laboratory, 20 hours. 2 credits.

BIOLOGICAL CLUB.

Instructors and advanced students will report and discuss important articles in biological literature. Any one who is taking college work in Biology or Agriculture may become a member of this club.

BIOLOGICAL LABORATORY.

Three rooms on the second floor of Ballard Hall are used as a Biological Laboratory. This laboratory is equipped with desks, individual lockers, compound and simple microscopes, microtomes, paraffin bath, injecting apparatus, staining fluids, aquaria, vivaria, formicaria, a stock room, and a dark room.

Chemistry.

I. INORGANIC CHEMISTRY.

Lectures 2 hours. Laboratory work 6 hours. 1 credit.

FALL TERM.

A. Lectures on Inorganic Chemistry.
Laboratory work upon the non-metals.

WINTER TERM.

B. Lectures on Inorganic Chemistry.
Laboratory work upon the metals and acid-radical and their separations.

SPRING TERM.

C. Lectures on Inorganic Chemistry.
Qualitative Analysis.

II. AGRICULTURAL CHEMISTRY.

Lectures 1 hr. Laboratory work 4 hrs. Three-fifths credit.

FALL TERM.

A. Chemistry of the elements and compounds which are of the most importance to agriculture.

WINTER TERM.

B. Chemistry of human and animal foods.

SPRING TERM.

C. Chemistry of soils and fertilizers.

CHEMICAL LABORATORY.

The Chemical Laboratory occupies a large, well-equipped room on the second floor of Ballard Hall. A modern science lecture-room, a dark-room and a store-room adjoin this laboratory.

Cooking.

(See Department of Domestic Economy.)

Domestic Science.

(See Department of Domestic Economy.)

Dressmaking.

(See Department of Domestic Science.)

Electricity.

(See Physics II.)

English—Miss Monro.

The work in English has been arranged with a view to securing the following results: To give a general survey of English Literature from the earliest period to the present; to cultivate a fondness for reading, and an appreciation of good literature; to give readiness and facility in both oral and written expression; and to train in rapid and intelligent note-taking.

1. Principles of English Composition. Supplemented by various written exercises and by practice in note-taking. For class study: "Evangeline," "Sketch Book," "Twice Told Tales," "Vision of Sir Launfal."

Collateral reading: Selections from Longfellow, Lowell, Whittier, Holmes, Hawthorne, Poe.

2. A Brief History of English Literature. Howe's "Primer of English Literature." For class study: "Ivanhoe," "Lady of the Lake," "Merchant of Venice."

Collateral reading: "The Ancient Mariner," "Prisoner of Chillon," selections from Wordsworth and Tennyson.

3. "Composition and Rhetoric," Lockwood and Emerson. Themes based upon the text-book. For class study: "Julius Caesar," Macaulay's "Essay on Milton," Milton's "Minor Poems," "A Midsummer Night's Dream."

4. Prose Composition and Rhetoric. A review of rhetorical principles as presented by Kittredge's "Elements of Composition." Themes based on text-book. For class-reading: "Tale of Two Cities," Macaulay's "Essay on Addison," "The Sir Roger deCoverley Papers," Macaulay's "Essay on Johnson."

5. Study of the history of English literature. Class-reading: The Prologue and one of the Canterbury Tales, "Hamlet," "Macbeth" selections from Burns, Wordsworth, Coleridge, Byron, Shelley, Keats, Browning, Mrs. Browning, Tennyson, Matthew Arnold, the Rossettis, Morris, and Swinburne.

French.

I. Chardenal's Grammar; "Madame Therese," Erckmann-Chartrain; "Jeane d'Arc," Lamartine. "La Cure de Tours," Balzac. 3 hrs. Three-fifths credit.

II. Translation and sight-reading. Texts: "Scenes de la Revolution Francaise." Larmartine; "Le Siege de Paris." Sarcey; "Columbia," Merimee "La Tulipe Noire," Dumas; "Le Pecheur d'Islande." Loti; "Hernani," Hugo. 5 hrs. 1 credit.

Geology.

I. ELEMENTARY GEOLOGY.

Recitations and Field Work in Elementary Geology and Palaeontology. 2 hrs. Two-fifths credit.

German.

I. Harris' "German Lesson"; Super's "Elementary German Reader." 4 hrs. 1 credit.

1. Harris' "German Lessons"; Super's "Elementary German an equivalent; Thomas' Practical German Grammar.

Schiller's "William Tell," or "Jungfrau von Orleans." 4 hrs. credit.

III. "Hermann and Dorothea," Goethe; "Easy classics for rapid reading." 3 hrs. Three-fifths credit.

IV. Gore's Scientific German. 3 hrs. Three-fifths credit.

Greek—Pres. Crogman and Miss Crogman.

I. Grammar and Reader. 4 hrs. 1 credit.

II. Greek Literature. 4 hrs. 1 credit.

FALL AND WINTER TERMS.

A. Xenophon. Anabasis.

SPRING TERM.

B. Homer. Illiad or Odyssey.

III. Greek Literature (continued) 5 hrs. 1 credit.

A. Herodotus. { Invasion of Greece by Darius. / Battle of Thermopylae. / Invasion of Xerxes. / March to Europe. / Battle of Marathon.

B. Plato. Selections from Apology and Phaedo.

SPRING TERM.

C. Xenophon. Memorabilia of Socrates.

IV. Greek Literature (continued) 4 hrs. 1 credit.

FALL AND WINTER TERMS.

A. Demosthenes.

SPRING TERM.

B. Tragedy. Aeschylus. Premetheus Bound.

History—Miss Overton.

I. GENERAL HISTORY.

I. A. Greek and Roman History.
B. Mediaeval History.
C. Modern History.

II. English History. 2 hrs. 1 credit.

III. CIVIL GOVERNMENT.

Brief Governmental History of the United States; Political Divisions; State, Territory, County, City, Township, School District; Federal, State and Town Government, Duties of each; Duties of Citizens; Constitution of the United States; Constitution of Georgia.

1 hr. One-fifth credit.

SPRING TERM.

IV. SOCIOLOGY AND MODERN HISTORY.

2 hrs. Two-fifths credit.

Latin—President, Miss Crogman.

I. Grammar and Reaader 4 hrs. 1 credit.

II. Latin Literature 4 hrs. 1 credit.

FALL AND WINTER TERMS.

II. A. Caesar or equivalent.

SPRING TERM.

B. Cicero's Orations.

III. LATIN LITERATURE (Continued.)

4 hrs. 1 credit.

FALL TERM.

A. Cicero's Orations. Completed.

WINTER AND SPRING TERMS.

B. Virgil's Aeneid.

IV. LATIN LITERATURE (Continued.)

5 hrs. 1 credit.

FALL TERM.

A. Livy. Book XXI.

WINTER AND SPRING TERMS.

B. Horace, Odes: De Senectute.

V. LATIN LITERATURE (Continued.)

5 hrs. 1 credit.

FALL AND WINTER TERMS.

A. Tacitus. Germania and Agricola.

SPRING TERM.

B. Pliny's Letters.

Mathematics—Prof. Taylor.

1. Elementary Algebra. Before entering this class, students should be proficient in arithmetic, especially in fractions, percentage, and square root. Wentworth's Elementary Algebra is used and the work will extend through fractional equations. Five hours a week.
2. Second Year Algebra. This is a continuation of the first year's work and extends through quadratic equations. The Second Year Algebra is offered not only for the benefit of those who intend to take up College Algebra, but also for those who may not be able to take a regular course. Five hours a week.

   It is desirable that students should review these two year's work privately before entering the college freshman class, for it is not enough that the student should once have known his preparatory mathematics; he needs to know it at the time his college work begins in order that he may advance more rapidly.
3. Plane Geometry. Wells. In addition to the theorems that are proved in the text-book, students will be required to perform the solution of originals, consisting of theorems, constructions, loci, and numerical exercises. Five hours a week.

   Open to students who have completed Mathematics 1 and 2.

A. College Algebra. Wells. The class will begin with quadratic equations and this will be followed by a study of ratio and proportion, variation, progressions, permutations and combinations, binomial theorem, logarithms and their applications to interest and annuities, with an introduction to the general theory of equations and determinants. Three hours a week. First half of the school year.

B. Plane Trigonometry. Wells. Special attention is given to the solution of oblique triangles. Three hours a week. Second half of school year. Open to students who have completed Mathematics 3 and A.

In the Sophomore year the class is required to elect either two half year or one whole year course from the following subjects:

C. Solid Geometry. Wells. Three hours a week. Whole Year. Open to students who have completed Mathematics 3.

D. Elementary Mechanics.

a. Statics. Composition and resolution of forces, moments of force, general conditions of equilibrium, friction. Two hours a week.

b. Dynamics. Velocities and accelerations, simple harmonic motion, work and energy. Two hours a week. Second half of school year. Open to students who have completed Mathematics B.

E. Plane Analytic Geometry. Wentworth. An elementary course on the straight line and on conic sections. Emphasis is put upon the plotting and upon the application of graphs. Two hours a week. First half of school year. Open to students who have completed Mathematics B.

F. Surveying; theory and practice.

The use and adjustments of the compass, engineer's transit, solar compass and Y level; the keeping of records and plotting of observations; calculations of heights, distances, and areas; elements of the theory of errors. Field work with the instruments will be carried on in small divisions. Two hours a week. Second half of school year.

Open to students who have completed Mathematics B.

Manual Training for Girls.

(See Department of Domestic Economy.)

Music—Miss Smith.

Vocal and instrumental music holds a prominent place in Clark University. Instruction on the piano-forte and organ was begun in 1883.

COURSE IN PIANO-FORTE.

It is the purpose of this course to prepare the students for practical work as soloists, teachers or accompanists. The course is designed to cover a period of six years. And one completing this should be able to secure a diploma from a good conservatory in one or one and a half years.

Pupils entering this department are classified with reference to the amount of musical work they can do, not with reference to what they have had.

Pupils above the Third Grade are required to attend the class in Harmony once a week. Qualification in this branch of music is necessary in order to receive a certificate from the department.

An exhibition of the department will be given during each school year, and all pupils, who are capable of doing so, are required to participate.

Many opportunities are afforded advanced pupils for playing on public occasions in the school chapel.

The pianos in the school building are under control of the Musical Department and must be used only by the pupils of the department.

The department is not responsible for lessons missed. In case of illness the department will give the pupil credit for lessons missed.

Tuition for instruction in piano, cabinet organ and voice culture each: Eight lessons per month of four weeks $2.00

Rent of piano or cabinet organ for practice per month of four weeks ... ...$ .50

Music library fee, per year ... ...$ .25

I. FIRST GRADE.

National Graded Course—Book I, or Sartorio Method I. The Major scales (one octave). Six Duets, Sartorio Op. 374. Twelve Pieces (four hands) Reinecke Op. 54. Little pieces from Krogmann, Lichner, Sachs, Beyer, Streabogg, Gurlitt and others.

II. SECOND GRADE.

National Graded Course. Book V. Bach's Preludes and inventions. Major and Minor Scales (two octaves). Gurlitt 50 and 199 Op. Brauer's 12 Etudes Op. 15. Selected Studies—Rentling I. Lynne's Op. 26, Sonatinas, Clementi. Solos and Duetts from Classic and Modern Composers.

III. THIRD GRADE.

National Graded Course—Book III. or Sartorio Method. Major and Minor Scales in All Keys. Czerney's Op. 453. Biehl's Studies for Left Hand Op. 153. Beihl's Op. 79. Three Sonatinas Op. 47. Reineke, Sonatinas from Kuhlan. Sobs and Duetts from Classic and Modern Composers.

IV. FOURTH GRADE.

National Graded Course Book IV. or Sartorio Method Book IV. Czerney's Velocity Studies. Hellers Op. 45 and 46. Czerney's Studies for the Left Hand (Op. 718). Selected Octave Studies, Presser. Kraus Trill Studies. Sonatas from Haydn and Mozart. Symphonies from Haydn, Mozart. Selections from Modern Composers.

V. FIFTH GRADE.

National graded Course, Book V. Bach's Preludes and inventions, also selections from English Suite. Beren's Velocity School Op. 61. School of Embellishment, Liebert and Stark. Spinler's Technical Studies Op. 141. One Beethoven Sonata, Three Mendelssohn Songs, Two Chopin Waltzes, Two Chopin Noctournes. Harmo-

ny and Musical History.

VI. SIXTH GRADE.

Czerney's Op. 740. W. G. Smith's Five-Minute Studies (Op. 63). Couppey's 15 Etudes Op. 25. Seven Octave Studies Kullak. Kohler's School for the Left Hand. One Beethoven Sonata. Concertos (2) Selected. Bach Selections from modern composers. Harmony and Musical History.

VOCAL MUSIC.

Vocal music is taught in all grades from the Primary through the College Preparatory and Normal Courses. Owing to the increasing demand for teachers qualified in this branch, vocal music has been placed upon equal footing with other studies in the curriculum and all students are required to give satisfaction in this study before graduation from any department. The Music in the grades consists of that covered by the series of music readers in the Modern Music Series by Elinor Smith.

COURSES OF INSTRUCTION.

I. First Year, Normal and Preparatory—Elementary work in notation. Drill in intervals, time exercises, etc. Four part singing.

II. Second Year Normal and Preparatory—Review of the first year's work. The study of hymns, anthems, part and songs. Analysis of minor scale. Written Work.

III. Third Year, Normal and Preparatory—Review of the second year's work. Difficult salfeggi. Written work. The study of oratorio choruses, cantatas, etc.

IV. Fourth Year. This year is devoted to the study of methods and the student must do actual work oof teaching music in the grades.

A choral union of probably forty or more voices will meet for rehearsals twice a week. This union will furnish the singing for public worship, and each year will render one of the important oratorios or cantatas.

Department of Music—Pianoforte.

FOURTH GRADE.

*Prather, Mrs. Arra Brown, *Winfrey, Elsie.

Fourth Grade 2.

THIRD GRADE.

Gordon, Estelle, Culp, Charlotte.
Holt, Mary. *Smith, Lottie E.
Wilkins, Otele, *Francis, Mary.
McNair, Bertha.

Third Grade 7.

SECOND GRADE.

*Price, Annie Mae. Wilkins, Clyde.
Williams, Gertrude. *Dudley, Mayme.
Lewis, Emma. Tharpe, Mabel.

Latimer, Zenobia.
Dixon, Mary.
Cunningham, Wendell,
*Scott, Irene.
*Hamilton, Emma.
Cunningham, Harold.
Massingale, Leah Amanda.

Second Grade 13.

FIRST GRADE.

*Jones, Mary.
Taylor, Ruby.
Samuel, Genevieve.
Trammel, Eunice.
Trammel, Elizabeth.
*Hill, Maud.
Thrower, Sarah.
Wilkins, Gaddy.
Cunningham, Mabel.
Thomas, Lavinia.
Crogman, Edith.
Love, Ollie.
*Mitchell, Mrs. M. L.
*Darius, Mrs. E.
Williams, Lucinda.
*White, Dorothy.
Hull, Esther.
Taylor, Irene.
Rochelle, Ella.
Palmer, Mamie.
Dawkins, Annie.

First Grade 21.
Total enrollment 43.
*Students in music department only.

Pedagogy—Prof. Rowell.

I. EDUCATIONAL PSYCHOLOGY.

A study of the Nervous System, the Senses and their cultivation and the development of the expressive in connection with the receptive faculties; Memory and the Laws of Associatioon, Imagination, Thinking, Emotion, Feeling and Willing. Attention, Interest and Desire are studied in connection with other powers of mind. During the Spring Term Psychology is reviewed and Psychological Laws of the various activities of the mind are stated by the student and he then forms Pedagogical Rules to supplement these laws. 3 hrs. Three-fifths credit.

II. METHODS.

A study of General Method with application to the teaching of common branches.

Constant reference is made to Pedagogy I, so that the Psychological foundation is fully brought out. Much emphasis is placed upon the importance of real observation of things themselves and the complete expression of the ideas gained. It is shown that ideas may be expressed in the general bearing of the body, dress and surroundings, actions, drawings, models, plans and manufactures and by means of oral and written statements and in composition.

Model lessons are given by the instructor, students taking notes, after which is a class review and full discussion is entertained. Students are selected to teach lessons before the class to be criticised by class and instructor. Our large Grade Department offers splendid opportunities for observation and practice in Methods of Instruction. 4 hrs. 1 credit.

III. PRACTICE TEACHING AND CRITICISM.

Seniors and Fourth Year Students teach a subject in the Grades one hour each day during the year. They are responsible for discipline and instruction under observation of a critic teacher.

In criticism good as well as faulty points are noted and class discussion upon school management and general principles are frequent. 5 hrs. 1 credit.

IV. REVIEW.

Arithmetic, Grammar, Geography and General Reviews.
3 hrs. Three-fifths credit.

FALL TERM.

V. A. Moral Science.

The relation of Ethics to home school and religious life. Methods of teaching ethical principles.
3 hrs. Three-fifteenths credit.

WINTER AND SPRING TERMS.

V. B. History of Pedagogy.

Reading from Camparye and references.
3 hrs. Three-tenths credit.

Philosophy—Prof. King.

FALL TERM.

DEDUCTIVE AND INDUCTIVE LOGIC.
5 hrs. One-third credit.

WINTER TERM.

II. CHRISTIAN EVIDENCES.

Historical, archaeological and internal evidences.
5 hrs. One-third credit.

WINTER TERM.

III. ETHICS.

5 hrs. One-third credit.

SPRING TERM.

IV. HISTORY OF PHILOSOPHY.

Greek and Roman Philosophy; Mediaeval and Renaissance Philosophy; Eighteenth Century, and Recent Philosophy.
5 hrs. One-third credit.

Physical Geography—Miss Overton.

Class discussions, and recitations guided by Davis' "New Physical Geography." 2 hrs. Two-fifths credit.

Physics—Prof. Taylor.

I. ELEMENTARY PHYSICS.

The text-book used is Gage's "Introduction to Physical Science." The laboratory work is guided by "Gage's Physical Experiments." Recitations and lectures 2 hrs.

Laboratory *4 hrs. 1 credit.

FALL TERM.

A. Mechanics and heat.

WINTER TERM.

B. Heat (continued), sound and light.

C. Electricity and magnetism.

II. ADVANCED PHYSICS.

The text-book is Gage's "Principles of Physics." Recitations and discussions 2 hrs.

Laboratory, 2 hrs. Three-fifths credit.

FALL TERM.

A. Mechanics and heat.

WINTER TERM.

B. Sound and light.

SPRING TERM.

C. Electricity and magnetism. This work will be largely experimental, especial emphasis being placed upon electrical measurements and upon the construction of electrical instruments.

Physical Laboratory.

The Physical Laboratory occupies two well-equipped rooms on the third floor of Chrisman Hall. It has been recently fitted up with tables and apparatus.

Printing—Mr. Lowery.

I. Learning cases, names and styles of type, composition, care of press, care of type, name and uses of printers' materials.

6 hrs. Three-fifths credit.

II. Lectures on job work. Transfering of matter. Job work. Uses of presses. Correcting proof.

9 hrs. Three-fifths credit.

III. Lectures on Art of Printing. Job work in colors. Making up newspaper forms. General press and book work. Lectures on styles.

6 hrs. Three-fifths credit.

Psychology.

Lectures and laboratory work in modern psychology.
Lectures, 2 hrs. Laboratory 2 hrs. Three-fifths credit.

DEPARTMENT OF DOMESTIC ECONOMY.

Thayer Home, named in honor of E. O. Thayer, D. D., of Barre Vermont, a former President of Clark University, accommodates thirty young women as resident students. This Home iis for the Training of young women in the essentials of home making, and for teaching the industries in the school.

COURSES OF STUDY.

Dressmaking.

I. Taking measures and drafting patterns from them. Cutting and making foundation skirts from measure. Basting and fitting. Talks on selecting material and planning dresses. Making book of models. Practice work.

II. Fine hand work, making baby linen, outlining, drawn work and fancy stitches. Making book of models. Practice work. Continuation of general dressmaking.

III. Study of system of dressmaking. Designing and trimming skirts, waists and sleeves. Making book of models. Practice work covering the entire course.

Time required:

Drafting ... ... 2 lessons a week.
Model work ... ... 2 lessons a week.
Practice work ... ... 10 hours a week.

All students in dressmaking are charged one dollar per month tuition, and are required to provide themselves with shears, tape-measure and thimble.

Certificates from two courses will be given from this department. Candidates for the first must have a general English education, and will be recommended as dressmakers.

For the second, in addition to the requirements of the above course, candidates must be graduates from the Normal course or from the College Preparatory course. with one year of practice teaching in sewing, and will be recommended as teachers of sewing.

Sewing.

Grades.—Sewing in the grades includes linear sewing, on cardboard, canvas. and cloth, overhanding, hemming and running, felling. backstitching, gathering, and putting on bands, practicing buttonhole-stitches and darning. Making small garments, also plaiting rafia, etc.

Two lessons per week. Time: Each lesson, 45 min.

Normal and Preparatory Courses.

The following courses are a part of this school curriculum and are required of all young women, of the Normal and College Preparatory work.

Sewing.

I. Overhanding, hemming, running, felling, backstitching, gathering, stocking-gathers and putting on bands; overcasting, buttonhole stitching, hem-stitching, cross-stitching, feather-stitching; outlining; practical application of above stitches; cutting and making of undergarments by pattern.

II. Folding and basting hems by measure; tucking, darning, and patching; instruction in taking measure, and drafting patterns for underclothing, cutting and making of garments; practice work.

III. Plain machine work; drafting continued, buttonholes and eyelets; cutting and making [illegible]

THE DEPARTMENT OF DOMESTIC ECONOMY

This department is carried on in Thayer Home, a modern and convenient edifice on the campus, erected and maintained by the Woman's Home Missionary Society of the M. E. Church. The object of this home is to train young women not only in cooking, housekeeping, dressmaking etc., but in Christian womanhood. The work of this home is done by the occupants alternately, so as to give all a practical knowledge of housekeeping. Lectures are given on domestic science, food, dress, physical culture, and social ethics. In short, the aim of the home is to fit young ladies to conduct and adorn a modern Christain home. A kindergatden has been in operation three years and we aim that this department shall not only afford training for the children, but a course for the benefit of young women who look forward to work among the children.

Drafting and sewing.
Drawing and water colors.
Nature study.
Art needle work.
Weaving and basketry.
Home furnishing and decoration.

Drafting and Sewing.—This course includes demonstration lessons in drafting in connection with and construction for mechanical drawing.

Drawing and Water Color.—This gives the fundamental principles of drawing, composition and design, embracing the elements of industrial art, and aims to develop the appreciative creative art power in the individual pupil.

Lectures on the theory, classification, and harmony of color,

III. Plain machine work; drafting continued, buttonholes and eyelets; cutting and making garments and shirt waist suits.

One lesson a week. Time: 1 hr. 30 min.

Cooking.

Air, in relation to life and fire; fuels; management and care of stove or range. Water, cleanliness and cleaning. Definitions, tables, rules. Fuel, foods; starchy plants, potatoes, cereals, etc. Tissue-building foods; eggs; milk, dairy products. Bread, wheat flour, baking-powder, yeast. (Theory and practice work.)

II. Food in its relation to life; body stuffs and food stuffs. Diet. Tissue building foods; the flesh of animals, poultry, fish, etc. Fuel foods; fats and oils; cooking in fat; sugar; candies, cake, deserts, ice cream and water ices. Acid and salt supplying food; fruits, vegetables; salads, cream of vegetable soups.

III. Preservation of food; canning, jelly-making, etc. Special diets for infants and invalids. Beverages.

Practice work in teaching.

Review work in bread-making.

IV. Practice work in preparing meals and fancy dishes, course dinners, dietary studies.

One lesson a week. Time: 1 hr. 30 min.

For use of materials, a charge of 50c. per term is made; payable in advance.

Domestic Art.

Drafting and sewing.

Drawing and water colors.

Nature study.

Art needle work.

Weaving and basketry.

Home furnishing and decoration.

Drafting and Sewing.—This course includes demonstration lessons in drafting in connection with and construction for mechanical drawing.

Drawing and Water Color.—This gives the fundamental principles of drawing, composition and design, embracing the elements of industrial art, and aims to develop the appreciative creative art power in the individual pupil.

Lectures on the theory, classification, and harmony of color,

based on the solar spectrum; also practical work with pigments in coloring from nature, and applied to elementary art and costume.

Nature Study.—This work is based on the development of cotton and linen from the seed through the various stages to the woven fabric; also study of the sources from which the fabrics are obtained, as the sheep, silk worm, etc. Nature study talks on the various articles used; as pins, needles, scissors, thimbles, buttons, etc., from the rude material to the furnished articles.

Art Needle Work.—This teaches the application of art in decorative stitchery to garments, and household articles.

Weaving and Basketry.—The principles of plain and fancy weaving are taught, with practical work on the hand loom, in threads, beads, rafia and other materials. Basketry is studied for its value in manual training, as well as for the pleasure and profit derived from this useful and decorative art. Originality in form and design on the part of the student is encouraged. This course teaches the method of making baskets of various weaves and shapes, in rafia, splint, reed, grasses and other materials. Also chair seatitng in cane and knotted rafia mats, hats, etc. Lectures are given and written work required on the history of ancient and modern basketry.

Home Furnishing and Decoration.—Lectures given on the treatment of walls, floors, and ceiling; also the selection of furniture, pictures, rugs and hangings.

One lesson a week. Time: 1 hr. 30 min.

I. Lectures and written work on the history of sewing, its aim and object in education. Lectures and practical work.

Lectures and written work on the textiles—cotton, linen, wool and silk, also on articles used, as scissors, pins, needle, etc.

Drafting and making the undergarment.

II. Drawing and designing. Lectures and written work on basket-making. Practical work on basket-making.

III. Drafting and making a shirt waist suit. Theory and practical work on color in costume and in home decoration.

Kindergarten.

In the Kindergarten the children learn to do by doing. The Kindergarten includes education through games, through songs, and rythmic exercises, through the handling of typical playthings, and through the use of typical employments, and through exercises and conversations based upon the study of nature, and of human life, all of this being carried on in accordance with certain fundamental laws, that are found operating throughout the universe.

Tuition one dollar per month.

For particulars concerning any department in school of domestic science, address Miss Flora Mitchell, Superintendent, Thayer Home, South Atlanta, Ga.

TABULATED COURSES OF STUDY.

In a school of this kind it is neither possible nor desirable to have the studies elective. Therefore we have formulated the following balanced courses of study, any one of which may be selected by the student. Full explanations of the courses will be found, arranged in alphabetical order, in the "Synopsis of courses of study."

CLASSICAL—[Collegiate Course]

HIGHER NORMAL---[Collegiate Course.]

The Higher Normal Department was organized to prepare a class of students to fill demands upon the university for teachers to take positions in academies, and high schools, and in city systems. This provides for a complete college preparatory course with two years of additional training in English, Science and Pedagogy.

Cleveland Webster, Yale.
Frank P. West, Atlanta.
George W. White, So. Atlanta.
John Wolf, Hampton.

FOURTH GRADE.

Queenie L. Allen, Atlanta.
Mary Barber, Atlanta.
Florence R. Bearden, Atlanta.
Nannie Brinson, So. Atlanta.
Florece Brooks, Yale.
Pearl Davenport, East Point.
Kate E. Fears, Atlanta.
Ida Gaines, Elberton.
Cora L. Harris, Atlanta.
Annie L. Hudson, Yale.
Fannie Humphrey, So. Atlanta.
Willie D. Idlett, Atlanta.
Eva Jones, So. Atlanta.
Pearl Lemon, So. Atlanta.
Lillie Nesby, Libburn.
Carrie Pryor, Rome.
Rosa Spivey, So. Atlanta.
Hattie Smith, Atlanta.
Rosa Starks, Atlanta.
Mamie Taylor, Atlanta.
Pauline Taylor, Atlanta.
Bessie Toston, Atlanta.
Birdie Watkins, S. Atlanta.
Glena Williams, Woodbury.
Eva M. Wright, Alexander City, Ala.
Eugene Adams, So. Atlanta.
Ruben Allen, So. Atlanta.
Sherman Atwater, So. Atlanta.
Hazel Benton, So. Atlanta.
Paul Bowlin, So. Atlanta.
Mark Brooks, Thornton.
James Brown, Atlanta.
Norman Coffee, So. Atlanta.
Murray Dennis, So. Atlanta.
Henry C. Hicks, Hiflin, Ala.
Leo Howell, Duluth.
Frank Heard, Yale.
Jethro Jones, So. Atlanta.
Octavius Strickland, Yale.
Tommie Strickland, Yale.
John Williams, So. Atlanta.
Booker Wright, Alexander City, Ala.
Daniel Wright, Alexander City, Ala.

THIRD GRADE.

Mary E. Bartley, St. Augustine, Fla.
Annie L. Darius, Atlanta.
Arvella Calloway, McCollum.
Carrie L. Carter, So. Atlanta.
Edna Clark, Yale.
Nellie Gray, Atlanta.
Nellie Hood, So. Atlanta.
Alice Jenkins, So. Atlanta.
Annie Lindsey, So. Atlanta.
Maud Logan, So. Atlanta.
Ruby A. McGinty, So. Atlanta.
Daisy Pegg, So. Atlanta.
Pocahontas Pratt, Jacksonville, Fla.
Erma Slaughter, Atlanta.
Myrtis E. Stacy, So. Atlanta.
Hattie Tate, Atlanta.
Selina Ward, Yale.
Willie Arnold, Atlanta.
Governor C. Barrett, Vaughns.
Charlie Bell, Atlanta.
Charlie H. Carter, So. Atlanta.
Claude Carter, So. Atlanta.
Willie Freeman, So. Atlanta.
Wilbur J. Gowen, So. Atlanta.
Willie Hendricks, Atlanta.
Walter S. Jenkins, So. Atlanta.
Evans Jones, Atlanta.
Henry Mundy, Yale.
Roswell Sturdyvant, Yale.
Ardency Taylor, So. Atlanta.
Fred White, So. Atlanta.

SECOND GRADE.

Lizzie Cunningham,	Atlanta.	Schuyler Burton,	Lorain, Ohio.
Ada Fulton,	So. Atlanta.	Seaborn Lee, Jr.,	So. Atlanta.
Willie Gray,	Atlanta.	Merril Oliver,	So. Atlanta.
Eufaula Johnson,	Atlanta.	Edwin Rowell,	So. Atlanta.
Mary S. Johnson,	So. Atlanta.	Luther Rucker,	Atlanta.
Willetta McGinty,	So. Atlanta.	Grantling Smith,	Atlanta.
Oberia Lattimer,	Murphy, N. C.	William S. Taylor,	So. Atlanta.
Louise B. Penn,	So. Atlanta.	Joseph Ward,	Yale.
Eula K. Smith,	McColum.	Price Willis,	So. Atlanta.
Millie West,	So. Atlanta.	Julius Woolfolk,	So. Atlanta.
Leroy Aycox,	So. Atlanta.	John W. Wright,	Talledega, Ala.
Willie Bryant,	So. Atlanta.		

FIRST GRADE.

Annie Lee Aycox,	So. Atlanta.	Oliver G. Bartley,	St. Augustine, Fla.
Hattie Barber,	Atlanta.	E. H. Brinson,	Atlanta.
Dicie Isiah,	Oxford, Miss.	William Brinson,	Atlanta.
Sarah Jenkins,	So. Atlanta.	James Everheart,	So. Atlanta.
Lessie Lewis,	So. Atlanta.	Louie Hancock,	Yale.
Willie Mozelle,	Yale.	Aldeane Jackson,	So. Atlanta.
Jessie J. Penn,	So. Atlanta.	Willie Palmore,	Atlanta.
Marie H. Penn,	So. Atlanta.	Marcellus Shields,	Yale.
Ruth Slaughter,	So. Atlanta.	Byron Thornton,	Yale.
George W. Bearden,	Atlanta.	Seaborn Watkins,	So. Atlanta.
Scott J. C. Bartley,	St. Augustine, Fla.	Delivia Witherspoon,	Yale.
		Bradford Woodward,	Atlanta.

Total Enrollment 576

ANNOUNCEMENTS FOR '09-'10

1909

Sept. 29 & 30, Registration Days.

October 1, Special Entrance Examinations and Organization of Classes.

November 25, Thanksgiving Holiday.

November 25, 7:30 P. M., Social conducted by the Fourth Year Normal and Third Year Preparatory Students.

December 17, Negro Memorial Day.

December 24-27, Christmas Holidays.

1910

January 1, New Year's Holiday.

January 4, Last Day for Handing in Subjects for Commencement Essays.

January 17-20, Inclusive, Mid-year Examinations.

January 21, Holiday.

January 21, 7:30 P. M., Social.

January 24, Second Semester Begins.

January 27, Day of Prayer for Colleges.

February 22, Washington's Birthday.

March 11, Marigold Club Entertainment.

March 31, Last Day for Handing in Theses for Degrees or Certificates.

March 31, Last Day for Removal of Conditions by Members of Senior College or Fourth Year Normal Classes.

April 1, 7:30 P. M. Social conducted by Epworth League.

April 8, 7:30 P. M. Stewart Prize Contest.

May 5,6,9,10, Examinations.

May 5, 7:30 P. M., Class Day Exercises.

May 6, 7:30 P. M., Musical Exhibition.

May 8, 11 A. M., Baccalaureate Sermon.

May 9, 7:30 P. M., Address before Literary Societies.

May 10, 10:00 A. M., Annual Meeting of Board of Trustees.

May 10, 7:30 P. M., Address before the Alumni.

May 11, 10:00 A. M., Industrial Exhibit.

May 12, 10:00 A. M., Commencement Exercises.

May 12, 4:00 to 6:00 P. M., President's Reception.

Charter of Clark University.

The petition of Gilbert Haven, Richard S. Rust, Mary J. Clark, Eliphalet Remington, Joseph H. Chadwick, Washington C. DePauw, Henry K. List, Eliza Chrisman, Robert T. Kent, Charles O. Fisher, John C. Kimball, Josiah Sherman, Theodore G. Eiswald, William H. Crogman, James Mitchell, Henry R. Parmenter, George Standing, James V. Martin, Seaborn C. Upshaw and E. Q. Fuller, shows that they are the Trustees of Clark University, in the city of Atlanta, in said county, and that they desire that they and their associates shall become a body corporate and politic, by the name of

"The Trustees of Clark University,"

and that they, and such persons as shall be duly elected members of said corporation, shall be and remain a body corporate by said name for twenty years, with the privilege of renewal at the end of that term.

The said corporation not being for profit, and no stock, dividends or other pecuniary gain accruing to the corporators, but being simply intended for the advancement of learning, and the accomplishment of good, they have no capital stock, and only such property as has accrued from the benefactions of the charitable and philanthropic; and for further acquisitions, and to effect the objects of incorporations, must look to the income from present possessions (which are valued at Forty Thousand Dollars, and consist of the buildings and grounds now occupied by said University, furniture and apparatus, land in Fulton County, and Atlanta City bonds), and to bequests and donations and prudent management.

That the location of said University and the place of business of said corporation is in said county.

That the object and business of said corporation are to establish and perpetuate a University, and thereby promote learning, afford suitable opportunities for the acquirement of knowledge, and to foster piety and virtue as essentials of proper education; and for the orderly conducting of the business of said corporation, petitioners desire:

1. That said corporation shall have power and authority from time to time, as occasion may require, to elect a President, Vice-president, Secretary and Treasurer, and such other officers as may be found necessary, and to declare the duties and tenures of their respective offices, with the power of removal, and the right to fill vacancies in the way and manner, for the causes, specified in the by-laws of the corporation; and also to elect new members of said corporation, provided the number of members shall never be less than ten nor greater than thirty, and at least ten shall be necessary to constitute a quorum when any change is made in the by-laws, a Trustee removed; or a vacancy in the Board filled.

2. That the said corporation shall have full power and authority to determine at which times and places their meetings shall be held, and the manner of notifying the Trustees to convene at such

CHRISMAN HALL

meetings; to establish Boards of Instruction in all departments of science, literature and the arts, and to determine and regulate the course of instruction; to elect a President of said University, and such professors, tutors, instructors and other University officers as they shall judge for the interests thereof, and to determine the duties, salaries, emoluments, responsibilities and tenures of their respective offices, to confer degrees; and generally to make and ordain such rules, orders, regulations and by-laws as shall not be repugnant to the Constitution and the laws of Georgia or the United States; provided no degree shall be conferred but upon the recommendation of the appropriate faculty, and no instructor in said University, except in the Theological Department, shall ever be required by the Trustees to profess any particular religious opinions as a test of office, and no student, except in the Theological Department, shall be refused admission to or denied any of the privileges, honors or degrees of said University on account of the religious opinions which he may entertain.

3. That said corporation may have and use a common seal, which they may alter and renew at pleasure; and may sue and be sued, plead and be impleaded, by said corporate name.

4. That they, their associates and successors, as Trustees, under said corporate name, shall have the right and power to receive by donation, gift or will any property, real or personal, and to rent, lease, purchase and hold such real or personal property as may be necessary to effect and promote the objects of incorporation, and to dispose of the same at pleasure, being fully empowered to do all such acts as may be necessary for the legitimate forwarding and execution of the objects of incorporation; provided that the clear rents and profits of all property, real and personal, of which said corporation shall be seized and possessed shall be appropriated to the maintenance and endowment of said University in such a manner as shall most effectually promote virtue and piety, and learning in such of the languages and of the liberal and useful arts and sciences as shall be recommended from time to time by the said corporation, they conforming to the will of any donor or donors in the application of any charter which may be given, devised or bequeathed for any particular object connected with the University.

Petitioners further pray that this their application may be entered for record on the Minutes of Fulton Superior Court, that it be published in "The Methodist Advocate," of Atlanta, and that, after due record and publication, an order be passed granting the incorporation as desired.

CANDLER & THOMPSON,
Petitioners' Attorneys.

A true extract from the Minutes of Fulton Superior Court. March 19, 1876. JAMES D. COLLINS, C. S. C.

STATE OF GEORGIA,
FULTON COUNTY.
To the Superior Court
of said County

The petition of John M. Walden, Wm. H. Crogman, R. S. Eggleston, Charles M. Melden, Seaborn C. Upshaw, W. H. Formosa, John P. Wragg, Wm. I. Haven, Willis M. Everett, Geo. Standing, John T. King, John W. Price, John Watts, Fannie Clark Davis, Aaron P. Melton, Geo. W. Arnold, William Deering, Matthew M. Alston, Henry W. Warren, John W. Hamilton, Jos. C. Hartzell, Daniel A. Goodsell, Richard S. Rust, Silas A. Peeler, Madison C. B. Mason, James Mitchell, and Wilbur P. Thirkield respectfully shows:

1. They are the duly constituted Trustees of Clark University of Atlanta, Ga.

2. That the "Trustees of Clark University" is an educational corporation and was duly incorporated by the Superior Court of Fulton County, on the 7th day of May, 1877, as will fully appear by reference to the records found in Minute Book "M," pages 545 and 622.

3. Your petitioners pray that the aforesaid corporation be revived for a term of twenty years and that they and their successors in office be clothed with all powers and possessed of all the rights and privileges conferred by said charter upon said original corporation and be subject to all the debts, liabilties and burdens of the old corporation which shall be hereby revived.

WILLIS M. EVERETT,
Atty. for Petitioners.

Filed in office June 26, 1900.
G. H. TANNER, Clerk.

Upon hearing the foregoing petition and it appearing that said petition has been published as required by law, it is ordered and adjudged by the Court that said corporation be and the same is hereby revived for a term of twenty years, unless sooner revoked by law, and that the said

"Trustees of Clark University"

be clothed with all the powers and possessed of all the rights and privileges conferred heretofore by this Court upon said original corporation and that it be subject to all the debts, liabilities and burdens of the old corporation which is hereby revived in it.

Judgment signed this 6th day of September, 1900.

J. H. LUMPKIN, Judge S. C. F. C.

STATE OF GEORGIA,
COUNTY OF FULTON.

I, G. H. Tanner, Clerk of the Superior Court of said County, do hereby certify that the foregoing is a true copy from the files and records of said court, of the Petition to Revive the Charter of

"Trustees of Clark University,"

and the order of said Court granting said petition.

Said Charter and order have been recorded in Charter Book 3, page 675, of Fulton County Records.

Witness my hand and seal of said Court, this the 7th day of September, 1900.

G. H. TANNER,
Clerk Superior Court,
Fulton County, Ga.

Warren Hall—Girls' Building

GENERAL INFORMATION

CLARK UNIVERSITY is a Christian school, founded in the year 1870 by the Freedman's Aid Society of the Methodist Episcopal Church. It is open to students of all classes, regardless of sex or color, the sole conditions of admission being a desire to learn, good moral character, and obedience to lawfully constituted authority.

Location

The buildings and grounds are located just south of the corporate limits of the city of Atlanta, Ga. The campus is sufficiently elevated to overlook the city, and has perfect drainage on all sides. It is beautifully shaded with oaks and pines which, with its elevation—1,200 feet above the sea level—makes it a delightful retreat even in midsummer. It would be difficult to find a more healthful location in the United States.

Accessibility

The South Pryor and Federal Prison electric car line passes the campus gate, affording frequent communication with the center of the city. Atlanta is the great railroad center of the South, and is readily accessible from all points. The city contains about one hundred and twenty thousand inhabitants, and enjoys all the conveniences of modern city life, making it an admirable location for a large school.

Buildings

Chrisman Hall, a large commodious brick building, heated by steam, and named for Mrs. Eliza Chrisman, of Topeka, Kansas, is the main edifice. The two lower stories are devoted to recitation rooms, study rooms, library and offices; the upper,

to professors' rooms, young men's dormitory, reading room and young men's reception room.

The chapel occupies the third floor in the south wing, and will accommodate an audience of six hundred. The dormitory accommodates one hundred students.

Warren Hall, a four story brick building, named in honor of Bishop Warren, contains the boarding department and young women's dormitory. The dining hall is large enough to seat comfortably three hundred students; the dormitory accommodates ninety. The building is well equipped with kitchen, laundry, store-room, cold-storage, etc.

Thayer Home, named in honor of E. O. Thayer, D. D., of Barre, Vermont, a former president of Clark University, accommodates thirty young women as resident students. This home is for the training of young women in the essentials of home making, and for the teaching of industries in the school.

Ballard Hall, a brick structure, is the gift of the late Stephen Ballard of Brooklyn, N. Y. The first floor is occupied by the Physical laboratory and the printing department. Large, well equipped Chemical and Biological laboratories and lecture-room occupy the second floor.

The Iron-working department occupies a one-story brick building.

There are also on the grounds a modern barn and other out buildings for the use of the Agricultural Department.

In addition to these buildings are five cottages used as teachers' residences.

Terms of Admission

Students under six years of age will not be enrolled.

Boarding students under fourteen years of age will not be admitted.

Students are admitted and classified by examination, or by certificates from accredited schools.

Every student may choose the course he wishes to pursue, but

when it has been chosen, he cannot change it without the consent of the faculty.

Special students may select such courses as, in the judgment of the faculty, they are capable of pursuing profitably, but no change will be made in the schedule of recitations to accommodate them.

Pupils coming from other schools must present a certificate of honorable dismissal.

Government

No pupil will be assigned to a room or admitted to a class until he presents a ticket showing that he has settled with the registrar. The act of registration pledges all pupils to obey the regulations of the school until formally released therefrom.

In addition to the observance of specific regulations, all students are expected to work. Immorality, the use of alcohol and tobacco will not be tolerated. The discipline of this school is designed to encourage self-government. Every influence is thrown around the students to develop culture and character. The purpose of the institution is to promote broad and accurate scholarship, along with a high type of character.

Only such as manifest earnestness and moral purpose can remain connected with the institution. Those who disregard the few necessary rules framed for the individual and general good, separate themselves from the University.

Privileges

Resident male students, sixteen years of age or more, who have been members of the school for at least one month, and who, during that time, have proved themselves studious and law abiding, shall be regarded privileged students. These are permitted to be absent from the grounds between the hours of 4 p. m. and 5:30 p. m. on school days, and between 2 p. m. and 5:30 p. m. Saturdays. No other resident student is allowed to leave the campus without permission.* Young women are not permitted to leave the grounds at any time without a chaperon.

*Juniors and Seniors at any time that will not conflict with their studies.

The Religious Atmosphere

The life of the university from its beginning has been directed by men and women of unswerving faith in Christianity. No religious tests are imposed on any student. Perfect freedom is guaranteed to everyone. At the same time it is true that the authorities of the University believe that religious development is a matter of primary importance, and that no intellectual culture can compensate for the dwarfing of the religious nature. The atmosphere of the University is frankly and unequivocally Christian. It stands for broad and strong scholarship and the highest moral and religious life.

Chapel exercises are held every day in the week, with the exception of Saturday and Sunday, under the direction of members of the faculty. All students are required to be present at these exercises.

The University is a regular appointment in the Atlanta Conference. The Professors of Gammon Theological Seminary supply the pulpit.

Board and Room

The dormitories of the institution have been fitted up with a view to making the students as comfortable as possible in every way. The rooms are all well lighted and are furnished with plain and substantial furniture. As many of the teachers occupy rooms in these dormitories, the opportunity for association with them is a valuable part of the training received.

The boarding department has recently been refitted and every effort is made to give the students good, wholesome food.

Boarding Hall

All students from a distance are required to board and room on the campus, unless specially excused by the faculty.

No student will be permitted to board off the grounds excepting in places that have been approved by the faculty.

Parents should not make other arrangements without consulting the faculty. The institution assumes no responsibility for students who are boarding off the grounds.

All bills are due in advance, and should be paid by the first of each scholastic month. Students whose bills are not settled by the fifteenth may be excluded from the school. All seniors are required to board and room on the campus.

A deposit of two dollars is required of each boarding student upon entering school to cover possible damages to room furnishings. When a student withdraws from school, all the money not expended for damages is refunded.

Uniform for the Young Women

The faculty of Clark University has adopted a costume for the young women boarding on the campus, to be worn at the public exercises of the school, including Sunday services, and whenever students leave the campus.

These costumes will be provided at the school and no others will be accepted as substitutes. Arrangements have been made with one of the leading firms of the city, to furnish them at first cost. The suits will be of heavy blue cheviot and will cost from $10 to $12.

The dressmaking department will duplicate the same costume in cheaper material for students who wish a less expensive suit. Hats will also be provided at the school.

Expenses

Board, per four weeks	$7.50
Room, fuel and light, per four weeks	1.75
Washing, per four weeks	1.00
Incidental fee per four weeks—	
Members of Grade School	1.00
All others	1.75
Laboratory fees, per semester—	
Biology I	.75
Biology II to V	1.50

Chemistry I	.75
Chemistry II	3.75
Physics	2.25
Library fee for students above the grades	.50
Supply fee for Grade Students	.25
Late registration fee	1.00
Special examination fee	.50
Instrumental or vocal music—	
Twenty lessons	5.00
Use of piano, one hour per day, per semester	1.50
Musical Library fee, per semester	.40
Manual training fee, per semester	1.50
Fees for diplomas and certificates—	
College degrees	5.00
Normal certificates	2.00

Self-Help

The question of expense is always perplexing for the reason that most students attending college in the South are purposeful young people who must largely support themselves. Students are urged to help themselves as far as possible, and some do earn their way while attending the University. The institution requires of every boarding student one hour's work each day for the University. For work done over this time, wages are paid at the rate of 7 1-2 cents per hour. Hitherto we have been able to furnish a few students with work on the campus to the amount of two or three dollars per month, but we can not guarantee to furnish work. Atlanta offers many facilities to those desiring employment, and we can often assist them to secure positions. Independence and self-reliance are constantly taught. It is possible for a few deserving students in the advanced classes to secure loans, through the recommendation of the University, from the board of education of the Methodist Episcopal Church.

Advice

On arriving in Atlanta, take any east bound car at the Terminal Station and ask for a transfer to the South Pryor and Federal Prison Car and get off at the campus gate, in full view of the University buildings. Arriving at the Union Station, take the Federal Prison Car at the Whitehall street Viaduct. Bring your check with you and present it to the clerk who will have your trunk transferred for twenty-five cents. By so doing you will save money. Students are requested to avoid Sunday travel as much as possible.

Plan to arrive in the city in daylight, as it is inconvenient to reach the University at night. The cars cease running at 12 p. m.

When parents send daughters without an escort, if they will notify the President of the time of their arrival, some one will be waiting at the station to receive and conduct them to the University.

Students should deposit their money in the University safe and draw it as occasion requires, in order to insure economy and safety.

Parents are requested to send money direct to the President, who will credit it as directed, and send a receipt by return mail. Remittance direct to the President will guard against extravagance. Instructions from the parents as to the amount to be allowed for personal expenditures will be strictly followed.

Students should be provided with umbrellas, overshoes and waterproof garments, as recitations are conducted without regard to weather.

EVERY STUDENT MUST PROVIDE HIMSELF WITH SHEETS AND PILLOW CASES AND A STOUT BAG IN WHICH TO CARRY HIS CLOTHING TO AND FROM THE LAUNDRY. CLOTHING MUST BE PLAINLY MARKED, IN INDELIBLE INK, WITH THE OWNER'S NAME.

Without text books it is impossible to accomplish satisfactory work. We cannot expose both student and teacher to such a serious disadvantage, and, therefore, shall exclude from the

classroom all students who are not provided with necessary books. Every boarding student is expected to come furnished with a Bible. Students must pay for books when they take them from the book room. No credit on books.

Library—J. A. Wilson, Librarian

There are about two thousand volumes in the Library. Will not some benevolent friends endow this Library, so that each year it may be replenished with valuable works as they are issued from the press?

Reading Rooms

The students have access to two reading-rooms: one in Warren Hall for the young women and one in Chrisman for the young men. These rooms will be supplied with the leading magazines and secular and religious papers.

Literary Societies

The Alpha Sigma and Philomathian Societies for young men and the Marigold Club for young women furnish ample opportunity for practice in extemporaneous speaking and parliamentary usages.

Adjunct Schools

Principals of high schools and of grammar and district schools, will be furnished with catalogues containing our courses of study. We invite correspondence with the view of making their courses and ours articulate as closely as possible, so that students may enter the University at any time without suffering the disadvantages arising from widely diverging courses of study. Most of our patronage must come from public schools, but we are especially anxious to cultivate friendly relations with Cookman Institute, Jacksonville, Fla.; La Grange Academy; The Haven Academy, Waynesboro, Ga., and the Haven Home, Savannah, Ga. We invite correspondence from the principals

of these schools with regard to pupils who may desire to enter advanced classes. Address the President of Clark University, South Atlanta Station, Atlanta, Ga.

The Marigold Club Scholarship

The Marigold Club Scholarship of $50, founded in 1907, is open to the young women of the school on the following conditions:—

No. 1. The scholarship is to be given to an ambitious girl prepared to begin the College Preparatory work of the Third Year.

No. 2. She must be a sincere, sober and zealous Christian.

No. 3. She must pass special examinations in Second Year English, Latin, Mathematics and History with an average of 90 per cent.

In the work of the Third Year she must maintain an average of 80 per cent. in order to retain the scholarship for the following year.

No. 4. If a Clark University student, she must maintain an average of 80 per cent. in her past year's work, in order to be a candidate for the scholarship. She must also have an unquestionable record of deportment.

No. 5. She must at the time of examination, write an essay containing five hundred words on some subject presented by the Marigold Club. The essay, together with her examination paper, is to be rated by the English Instructor of Clark University and one Instructor from two other schools. The essay must be marked as high as 90 per cent.

No. 6. Any young woman desirous of taking the examinations for the scholarship must make formal application to the Secretary of the Faculty on or before the second Saturday after the opening of school in the fall. The examinations will begin on the third Friday of the school year.

No. 7. The application for the scholarship must be endorsed by the principal of the school that the candidate last attended, by her pastor and three good women of that church.

Department of Instruction

The University comprises the following departments: The College, The Preparatory School, The Normal School, The School of Agriculture, Manual Training, and Domestic Science, and The Grade School.

Information Relating to Entrance

The privileges of all departments of the University are extended to both sexes alike. The students of the College Preparatory and Normal Departments enjoy all privileges open to the students in the College Department, including library, lectures, laboratories, religious and social privileges.

Examinations for admission to any of the departments of the University are held in the fall at the opening of the college year. See announcements.

Students entering on other than registration days are required to pay a registration fee of one dollar in addition to other incidentals.

All applicants for admission to the first year of the Preparatory or Normal School must either pass a satisfactory examination in subjects covered by the Grade School of this Institution, or must present a certificate showing that they have completed an equivalent course in some other school.

All College students are required to be in school by the middle of October of their Senior year.

Special Music Students

Special students in music will be enrolled on condition that they devote at least four hours per day to music, and that they take at least one other subject prescribed by the head of the department of music.

Admission to Advanced Standing

Candidates for advanced standing are not admitted later than October of the year in which they expect to graduate. All stu-

dents from other schools must present certificates of honorable dismissal and give satisfactory evidence of preparation for the course that they desire to enter. The amount of credit to be obtained for work done in another institution is determined by a committee of the faculty. No advance credit will be given without examination, except for work done in an approved school.

No student will be recommended for a Bachelor's degree until credit has been obtained for at least one full year of work in residence at this institution.

Admission on Probation

Any applicant deficient in not more than one of the subjects required for the rank to which he seeks admission, may be admitted conditionally by the faculty. All such conditions must be removed before the student will be permitted to begin the work of the next year.

It should be clearly understood that students admitted on probation, and students admitted on certificates from other schools, are subject to the following regulation:

If the work of the student, in his first semester, shall prove unsatisfactory, he may be reclassified and required to review the work.

Courses of Study

The college offers the following courses: the Classical, the Scientific and the Normal. Graduates from the Classical Course receive the B. A. degree; graduates from the Scientific Course receive the B. S. degree; and graduates from the Normal course receive a diploma.

Twenty recitations per week or their equivalent, for four years are required for the B. A., and B. S. degrees.

Throughout this catalogue the expressions "one hour" "two hours," "three hours," "four hours," "five hours," per week are used. The expression "one hour" means one recitation

per week throughout one semester. Thirty recitations a week for one semester are thus called "30 hours." Since there are two semesters in the college year, 60 hours constitute a full year's work. The four years course therefore embraces 240 hours.

The college studies are divided into the following groups: Astronomy; Biology; Chemistry; English; French; Geology; German; History; Latin; Greek; Mathematics; Psychology; Pedagogy; Philosophy; Physics and Mechanics.

All candidates for degrees are required to be present at the service at which the Baccalaureate sermon is preached, also at the Commencement exercises. On these occasions academic costume (cap and gown) must be worn.

All University fees must be paid by each candidate before a diploma is issued to him.

Synopsis of Courses of Study

Agriculture—Prof. Parks

I. INTRODUCTORY WORK IN AGRICULTURE.

The purpose of this course is so to teach the elements of intensive agriculture as to fit the pupils to teach agriculture in the rural and grade schools.

Lectures, 2 hrs. Laboratory, 2 hrs. Three-fifths credit.

II. INTRODUCTORY WORK IN THE USE OF FARM TOOLS.

This will include practical training in the use of the modern hand and horse farm tools and instruction in elementary farm surveying.

III. AGRICULTURAL ZOOLOGY.

A theoretical and practical study of the feeding, breeding and management of stock.

Lecture, 1 hr. Laboratory, 8 hrs. 1 credit.

FIRST SEMESTER

A. The cow. (For college students this will include dairy bacteriology.)

B. The horse, hog and sheep.

SECOND SEMESTER

C. Poultry.

IV. AGRICULTURAL BOTANY.

A theorectical and practical study of the feeding, breeding, and management of agricultural plants.

Lectures, 1 hour. Practical work, *8 hours. 1 credit.

A. Field crops.

B. Orchard crops. (This will include pruning, grafting and spraying.)

C. Market garden crops. This course includes the management of hot beds, cold-frames, and a practical application of the most approved methods of intensive market-gardening.

V. EXPERIMENTAL AGRICULTURE.

A small tract of land will be used as an experimental farm, on which will be investigated agricultural problems of value to the South.

*Two hours of work in the laboratory or field give a credit of one hour.

VI. RESEARCH IN AGRICULTURE

Problems of limited extent will be investigated under the supervision of the head of the department. 8 hrs. 1 credit.

Astronomy—Prof. Taylor

ELEMENTARY ASTRONOMY.

2 hrs. Two-fifths credit.

Bible

I. A COMPARATIVE STUDY OF THE BIBLE.

This course is required of all preparatory students, and of the I., II., III., Normal classes. The work is so arranged that, although each year's work is independent, yet it requires three years to complete the course. 1 hr. One-fifth credit.

Biology—Prof. Turner

As far as possible, the facts given in lectures and dictations are verified by original observation of living plants and animals in the laboratory and field. Dissections and microscopic work are accompanied by careful drawings and notes embodying the student's interpretation of the structure and function of each type studied.

I. ELEMENTARY BOTANY.

SECOND SEMESTER

A study of plants as living organisms with special regard to function, structure, and relation to environment. Bergen's Foundations of Botany is used as basis of work.

Each pupil must individually preform the experiments and demonstrations and keep a neat and accurate note book showing work done by himself and conclusions reached.

Lectures and Recitations, 2 hrs. Laboratory and field work, 4 hrs. per week.

II. ELEMENTARY ZOOLOGY.

A study of the external structure, habit and classification of animals.

Especial attention will be given to the following: Protozoa, Caelenterata, Annelida, Crustacea, Insecta, Mollusca, Fishes, Amphibia.

Lectures, 2 hrs. Laboratory and field work, 4 hrs. per week.

III. BOTANY.

A. General Comparative Morphology and Physiology of plants.

A study of representive plants of various groups and of the fundamental principles of plant life and relationship.

This course continues thru the first half year up to the first of March of the second half.

Lectures, 2 hrs. Laboratory and field work, 4 hrs.

B. Special Morphology, Taxonomy, and Adaptation of Higher plants.

Studies of the typical plants representing the more general group of the Angeosperms.

Continues from A, second half of year beginning March 1st.

Lectures, 2 hrs. Laboratory and field work 4 hrs. per week.

At least two excusions to points of botanical interest will be conducted sometime during the course.

Each student is required to prepare a herbarium of 50 plants representing the most important types of southern flora.

IV. ZOOLOGY.

A. Human Physiology, 4 hrs. per week—one semester. A general review of the physiology of the body, designed as an introductory course for students of the biological sciences.

COMPARATIVE ANATOMY OF THE INVERTEBRATES.

A. A comparative study of the salient facts of general biology as illustrated by the invetebrates. Emphasis is placed on morphology, physiology and psychology.

Lectures, 2 hrs. Laboratory and Field Work, *6 hours.

V. ECONOMIC ENTOMOLOGY.

This course is planned to give special training in the methods employed by working Entomologists. Especial attention will be given to insects of the South, and their relationship to Southern Agriculture.

Practical work in mixing and preparing insecticides and spreying is required of each student.

Lectures, 3 hrs. Laboratory and field work, 4 hrs.

BIOLOGICAL CLUB.

Instructors and advanced students will report and discuss important articles in biological literature. Any one who is taking college work in Biology or Agriculture may become a member of this club.

BIOLOGICAL LABORATORY.

Three rooms on the second floor of Ballard Hall are used as a Biological Laboratory. This laboratory is equipped with desks, individual lockers, compound and simple microscopes, microtomes, paraffin bath, injecting apparatus, staining fluids, aquaria, vivaria, formicaria, a stock room, and a dark room.

Chemistry—Prof. Turner

I. ELEMENTARY INORGANIC CHEMISTRY.

This course is designed to give the student a comprehensive and connective view of the most important facts and laws of elementary Chemistry.

Lectures and Recitations, 3 hrs. Laboratory work, 4 hrs. per week for one full year.

Text book, McPherson & Henderson.

II. GENERAL INORGANIC CHEMISTRY.

ONE SEMESTER

Recitations, lectures, and laboratory work in inorganic chemistry, 4 hrs. per week.

III. ANALYTICAL CHEMISTRY.

A. Qualitative. One semester. Lectures, 1 hr. Laboratory 6 hrs.

B. Quantitative. Gravermetric, one semester. Laboratory, 6 hrs. per week.

C. Volumetric. One semester. Laboratory, 6 hrs. per week.

CHEMICAL LABORATORY.

The Chemical Laboratory occupies a large, well-equipped room on the second floor of Ballard Hall. A modern science lecture-room, a dark-room, and a store-room adjoin this laboratory.

Cooking

(See Physics II.)

LECTURE ROOM—BIOLOGICAL LABORATORY

CHEMICAL LABORATORY

English—Miss Mendel and Miss Millar

The work in English has been arranged with a view to securing the following results: a general survey of English Literature from the earliest period to the present; the cultivation of a fondness for reading, and an appreciation of good literature; readiness and facility in both oral and written expression; and a training in rapid and intelligent note-taking.

A. Rhetoric and Composition—First semester. For class study "Evangeline," "Sketch Book."

B. Rhetoric and Composition—Second semester. For class study: "Snow Bound," "Twice Told Tales," "Vision of Sir Launfal."

Collateral Reading in Longfellow, Whittier, Hawthorne and Lowell.

2. A. Elementary Guide to Literary Criticism—First semester. Drill in the fundamental principles underlying Literary Criticism. Supplemented by illustrations chosen from standard writers.

B. A Brief History of English Literature—Second semester. Howe's "Primer of English Literature." For class study: "Ivanhoe," "Lady of the Lake," "Merchant of Venice." Collateral reading, "The Ancient Mariner," Selections from Wordsworth and Tennyson.

3. Rhetoric; Synonyms; Eight Essays—First semester. Drill in the elements of good style. Second semester. Rhetorical imagery and synonyms.

4. Advanced Composition.—Two short articles from every member of the class every week during the school year. During the first semester the student analyzes short story masterpieces as models, and later constructs original stories. During the second semester a special study is given to argumentation. At the end of this semester a formal Brief and Argument will be expected from each member of the class.

5. A. Prose Masterpieces—First semester. The diction and distinctive characteristics of the great writers of prose. Each member of the class writes a theme discussing the peculiar merits of each of the authors studied.

B. Versification; Poetic Masterpieces—Second semester. The mechanics of English versification and the diction and distinctive characteristics of the great poets.

6. A. Shakespeare—First semester. A careful and detailed study of three of Shakespeare's plays; for 1909-1910, Hamlet. Richard II, A Winter's Tale.

B. English poetry from 1830 to 1890—Second semester. Tennyson, Matthew Arnold, Clough, Mrs. Browning, Fitzgerald, the Rossetis, Swinburne, and other poets of the period.

French

I. Chardenal's Grammar; "Madame Therese," Erckmann-Chartrain; "Jeane d'Arc," Lamartine, "La Cure de Tours," Balzac. 4 hrs. Four-fifths credit.

II. Translation and sight-reading. Texts: "Scenes de la Revolution Francaise," Larmartine; "Le Siege de Paris," Sarcey; "Columbia," Merimee; "La Tulipe Noire," Dumas; "Le Pecheur d'Islande." Loti; "Hernani," Hugo. 3 hrs. Three-fifths credit.

Greek—President and Miss Crogman

I. First Greek Book, White. 4 hrs. 1 credit.

II. Greek Literature:

FIRST SEMESTER

A. Xenophon's Anabasis, Goodwin and White.

SECOND SEMESTER

Anabasis completed.

B. Homer's Iliad or Odyssey, Seymour.

III. Greek Literature (continued). 5 hrs. 1 credit.

FIRST SEMESTER

A. Herodotus { Invasion of Greece by Darius; Battle of Marathon; Invasion by Xerxes; March to Europe; Battle of Thermopylae

SECOND SEMESTER

B. Plato. Selections from Apology and Phaedo.

C. Xenophon's Memorabilia of Socrates.

IV. Greek Literature (continued). 4 hrs. 1 credit.

FIRST SEMESTER

A. Demosthenes' Olynthiacs and Phillipics, Tyler.

SECOND SEMESTER

B. Demosthenes completed. Aeschylus, Prometheus Bound, —Wecklein.

Goodwin's Grammar used throughout the course.

Geology

I. ELEMENTARY GEOLOGY.

Recitations and Field Work in Elementary Geology and Palaeontology. One semester. 4 hrs. Two-fifths credit.

German—Miss Millar

I. First and second semesters—Grammar, Collar's Shorter Eysenback. Reading—Super, Elementary German Reader.
4 hrs. 1 credit.

II. First semester—Grammar, Collar's Shorter Eysenbach completed. Reading—Hauff "Das Kalte Herze." or "Traumereien."
Second semester—Harris' German Composition. Reading—Lessing "Minna von Barnhelm," Schiller "Der Taucher."
4 hrs. 1 credit.

III. First semester—Schiller, "Wilhelm Tell" or "Die Jungfrau von Orleans."
Second semester—Goethe, "Hermann and Dorothea"; Goethe, "Faust," Part I. 4 hrs. 1 credit.

IV. First and second semesters—Scientific German, Gore's Scientific German Reader. 4 hrs. 1 credit.

History—Miss Overton

I. GENERAL HISTORY.
This course is intended to familiarize the student with the great events and the leading characters in the development of the human race; and to assist him to a correct notion of historical periods and their relation to one another. First and second semesters. Myers' Revised Edition. 5 hrs. 1 credit.

II. ENGLISH HISTORY—Andrews' History of England. Preparation of lectures. Essay work. First and second semesters.
Three hours a week. Three-fifths credit.

III. CIVICS—An outline study of the origin and development of government and the development of political institutions in the United States. Boynton's School Civics. Second semester.
4 hrs. Two-fifths credit.

Latin—President and Miss Crogman

I. First Latin Book, Collar and Daniel. 5 hrs. 1 credit.

II. Latin Literature. 5 hrs. 1 credit.

FIRST SEMESTER

A. Caesar (or equivalent), Allen and Greenough.

SECOND SEMESTER

Caesar completed.

B. Cicero's Orations, Allen and Greenough.

III. Latin Literature (continued). 4 hrs. 1 credit.

FIRST SEMESTER

A. Cicero's Orations (completed).

B. Virgil's Aeneid, Greenough and Kittredge.

SECOND SEMESTER

C. Virgil's Aeneid (completed).

IV. Latin Literature (continued). 5 hrs. 1 credit.

A. Livy. Book XXI.

B. Horace. Odes.

SECOND SEMESTER

C. Horace. Odes (completed). De Senectute.

V. Latin Leterature (continued).

FIRST SEMESTER

A. Tacitus. Germania and Agricola.

SECOND SEMESTER

B. Tacitus (completed). Pliny's Letters.

Mathematics—Prof. Taylor

I. ELEMENTARY ALGEBRA. 5 hrs.

First and second semester.—Before entering this class, students should be proficient in arithmetic, especially in fractions, percentage, and square root. Wentworth's Elementary Algebra is used and the work will extend through fractional equations.

II. SECOND YEAR ALGEBRA. 5 hrs.

First semester.—This is a continuation of the first year's work and extends through quadratic equations. The second Year Algebra is offered not only for the benefit of those who intend to take up College Algebra, but also for those who may not be able to take a regular course.

III. PLANE GEOMETRY. 5 hrs.

First and second semester.—Wells. In addition to the theorems that are proved in the text-books, students will be required to perform the solution of originals, consisting of theorems, constructions, loci, and numerical exercises.

Open to students who have completed Mathematics I and II.

IV. A. SOLID GEOMETRY. 3 hrs.

First semester.—In this class the following will be considered: the properties of straight lines and planes; of diedral angles; of projections; of polyedrons, including prisms and the regular solids; of cylinders; and of the measurement of surfaces and solids. Open to students who have completed Mathematics III.

B. REVIEW ALGEBRA. 4 hrs.

Second semester.—This course is given because it is desirable that students should review the first two years' work in algebra before entering the college freshman class, for it is not enough that a student should have once known his preparatory mathematics, he needs to know it at the time his college work begins in order that he may advance more rapidly.

A. COLLEGE ALGEBRA. Wells. 5 hrs.

First and second semester.—The class will begin with quadratic equations and this will be followed by a study of ratio and proportion, variation, progressions, permutations and combinations, binomial theorem, logarithms and their applications to interest and annuities, with an introduction to the general theory of equations and determinants.

B. PLANE TRIGONOMETRY. Wells. 3 hrs.

First and second semester.—Special attention is given to the solution of oblique triangles. Open to students who have completed Mathematics III and A.

The six courses named above are required of all candidates for a degree.

*Students who wish to continue the study of mathematics beyond the required courses may elect, at the beginning of their junior or senior year, any of the whole year courses from the following:

C. ELEMENTARY MECHANICS 2 hrs.

First Semester.—a. Statics. Composition and resolution of forces, moments of force, general conditions of equilibrium, friction.

Second Semester.—b. Dynamics. Velocities and accelerations, simple harmonic motion, work and energy. Open to students who have completed Mathematics B.

D. PLANE ANALYTIC GEOMETRY. 2 hrs.

First and second semesters.—An elementary course on the straight line and on conic sections. Emphasis is put upon the plotting and upon the application of graphs. Open to students who have completed Mathematics B.

E. Surveying; theory and practice. 2 hrs.

First and second semester.—The use and adjustments of the compass and Y level; the keeping of records and plotting of observations; calculations of heights, distances, and areas; elements of the theory of errors. Field work with the instruments will be car-

ried on in small divisions. Open to students who have completed Mathematics B.

*If all or any part of the members of a class wish to continue in the manner as stated above, they must make application to the teacher in charge before the close of the school year which precedes the year in which they wish to begin the subject elected in order that the schedule may be made for the convenience of the said class.

Manual Training for Girls

(See Department of Domestic Economy)

Music—Miss Smith and Mrs. Robinson

Vocal and instrumental music holds a prominent place in Clark University. Instruction on the piano-forte and organ was begun in 1883.

COURSE IN PIANO-FORTE

It is the purpose of this course to prepare the students for practical work as soloist, teachers or accompanists. The course is designed to cover a period of seven years. And one completing this should be able to secure a diploma from a good conservatory in one or one and a half years.

Pupils entering this department are classified with reference to the amount of musical work they can do, not with reference to what they have had.

An exhibition of the department will be given each school year, and all pupils, who are capable of doing so, are required to participate.

Many opportunities for playing on public occasions in the school chapel are afforded advanced pupils.

The pianos in the school buildings are under control of the Musical Department and must be used only by the pupils of this department.

THE DEPARTMENT IS NOT RESPONSIBLE FOR LESSONS MISSED.

Tuition for instruction in piano, cabinet organ and voice culture each: Eight lessons per month of four weeks.....$2.00

Rent of piano or cabinet organ for practice per month of four weeks.....$ .50

Music library fee, per year.....$ .25

FIRST GRADE—Beyer's Method or Tapper's Graded Course, Book I. The major scale in two octaves, hands separate. Tonic triads in close position. Pieces by Gurlitt, Krogman, Lichner and others.

SECOND GRADE—Kohler Op. 157; Lemoine Etudes enfantines; Sonatinas by Clementic. The major scales in contrary and parallel motion in 2 and 3 note rhythms; Minor scales, hands separate; Broken major and minor triads. Pieces by Streabogg, Bohm and others.

THIRD GRADE—Kohler Op. 242; Schmitt Preparatory Exercises; Major and minor scales in 4 note rhythm; Broken chords continued. Sonatinas by Kuhlan; selections from the works of standard composers.

FOURTH GRADE—Czerny Op. 636, Heller Op. 47, Major and harmonic minor scales continued. Diminished seventh arpeggios; Bach, Twelve Little Preludes; Easy sonatas by Beethoven, Mozart; Selections from the works of standard composers.

FIFTH GRADE—Czerny Op. 299 Book I, Major and melodic minor scales in six and eight note rhythms. Dominant seventh arpeggios. Sonatas by Haydn and Mozart; Bach, Inventions; Selections from the works of standard composers.

SIXTH GRADE—Czerny Op. 299, Selected studies. Scales in thirds, sixths and tenths; Arpeggios formed from major and minor triads. Bach, Inventions continued. Beethoven Sonatas. Selected pieces.

SEVENTH GRADE—Selected studies from Cramer. Scales in thirds and sixths. Arpeggios in various rhythms. Pieces: Preparation of programme for public recital.

Exercises for the development of the fingers, wrist and arm are given during the entire course.

The study of harmony is begun in the fourth grade and continued throughout the remainder of the course.

VOCAL MUSIC

Vocal music is taught in all grades from the Primary through the second year College Preparatory and Normal Courses. Owing to the increasing demand for teachers qualified in this branch, vocal music has been placed upon equal footing with other studies in the curriculum.

The music in the grades consists of that covered by the series of music readers in the Modern Music Series by Elinor Smith.

I. FIRST YEAR—Normal and Preparatory Elementary work

in Notation; vocal drill; oral and written dictation; study of part songs.

II. SECOND YEAR—Normal and Preparatory Sight reading; vocal drill continued; study of anthems and choruses. Methods.

A choral union of forty or more voices will meet for rehearsal twice a week. This union will furnish the singing for public worship, and each year will render one of the important oratorios or cantatas.

Pedagogy—Prof. Wilson

I. EDUCATIONAL PSYCHOLOGY

A study of the Nervous System, the Senses and the Faculties of the Mind as outlined in Buell's Essentials of Psychology. Psychological Laws of the various activities of the mind are stated by the student and he then forms Pedagogical Rules to supplement these laws. 5 hrs. First semester. One-half credit.

II. HISTORY OF PEDAGOGY

Lectures and recitation based on Compayre's History of Pedagogy. The aim is to discuss the principal educators and educational movements of Ancient, Mediaeval and Modern times.

5 hrs. Second semester. One-half credit.

III. METHODS

A study of General Method with application to the teaching of common branches.

Constant reference is made to Pedagogy I, so that the psychological foundation is fully brought out. Much emphasis is placed upon the importance of real observation of things themselves and the complete expression of the idea gained. It is shown that ideas may be expressed in the general bearing of the body, dress and surroundings, actions, drawings, models, plans and manufactures and by means of oral and written statements and in composition.

Model lessons are given by the instructor, students taking notes, after which is a class review, and full discussion is entertained. Students are selected to teach lessons before the class to be criticised by class and instructor. Our large Grade Department offers splendid opportunities for observation and practice in Methods of Instruction. 4 hrs. Four-fifths credit.

IV. SCHOOL MANAGEMENT

A systematic study of the principles of school management in reference to the character of the teacher, school discipline, correct

Thayer Industrial Home

morals and relation of school to the community. Lectures and recitations based on Seeley's New School Management, and other standard authorities. 4 hrs. First Semester. Two-fifths credit.

V. SCHOOL LAW AND ECONOMY

A study of the laws governing schools, and the care of school appliances. 4 hrs. First Semester. Two-fifths credit.

VI. REVIEWS

Arithmetic, Grammar, History, Geography and Physiology.
5 hrs. 1 credit.

VII. MORAL SCIENCE

Lectures and recitations on theoretical and practical ethics in relation to home, school and religious life. Hickok's Moral Science is used as a text book.
3 hrs. Second Semester. Three-tenths credit.

VIII. PRACTICE TEACHING AND CRITICISM

Seniors plan and teach a subject in the Grades one hour each day under close supervision. They are responsible for discipline and instruction. Each student here receives personal suggestion and advice. 5 hrs. 1 credit.

The training department consists of eight graded classes in charge of experienced teachers, who are responsible for the progress of the pupils. These teachers also aid in training the pupil teachers assigned to their charge.

*Philosophy—Profs. King and Yates

FIRST SEMESTER

I. DEDUCTIVE AND INDUCTIVE LOGIC
3 hrs. Three-tenths credit.

SECOND SEMESTER

II. ETHICS
4 hrs. Two-fifths credit.

IV. HISTORY OF PHILOSOPHY

Greek and Roman Philosophy; Mediaeval and Renaissance Philosophy; Eighteenth Century, and Recent Philosophy.
4 hrs. Two-fifths credit.

Physical Geography—Miss Overton

Class discussions, and recitations guided by "Tarr's New Physical Geography." 2 hrs.

*Prof. King fall term.
*Prof. Yates winter term.

Physics—Prof. Taylor

I. ELEMENTARY PHYSICS. The text-book used is "Lessons in Physics," by L. D. Higgins. The object in this subject is to have the student not only SEE results, but also to prove them by laboratory experiments. During the first semester much attention is given to measurements, principally in the metric system, and this is followed by the study of fluid pressure, motion force, heat, and energy. The work for the second semester is sound, light, magnetism and electricity. The student is required to keep a neat and accurate record, in a suitable note-book, of all work done by him in the laboratory throughout the school year, and the same is submitted to the instructor for criticism. Recitations and lectures, two hours a week; laboratory, four hours a week.

In the study of this subject, problems are numerous, the aim being to exercise the student's reasoning powers, as well as to implant a clear knowledge of the fundamental principles of the subject.

II. ADVANCED PHYSICS. "A Text-book of Physics," by Wentworth and Hill is used and the work comes in the same order as stated above for Elementary Physics. Laboratory reference books: Stewart and Gee, Glazebrook and Shaw, Kohlrausch, Nichol.

PHYSICAL LABORATORY

The Physical Laboratory occupies a large well equipped room on the first floor of Ballard Hall. It has been recently fitted up with tables and apparatus.

Printing—Mr. Lowery

I. Learning cases, names and styles of type, composition, care of press, care of type, name and uses of printers' materials.

9 hrs. Three-fifths credit.

II. Lectures on job work. Transferring of matter. Job work. Uses of presses. Correcting proof.

9 hrs. Three-fifths credit.

III. Lectures on art of Printing. Job work in colors. Making up newspaper forms. General press and book work. Lectures on styles.

6 hrs. Three-fifths credit.

Psychology

Lectures in modern psychology.

One semester. 4 hrs. Two-fifths credit.

THE DEPARTMENT OF DOMESTIC ECONOMY

This department is carried on in Thayer Home, a modern and convenient building on the campus, erected and maintained by the Woman's Home Missionary Society of the Methodist Episcopal Church. A limited number of girls are resident students, who do the work of the home alternately, so as to give a practical knowledge of housekeeping. Lectures are given during the year on physical culture, and social ethics. Its aim is to fit young women to conduct and adorn a modern and Christian home. All girl students of Clark University, receive training in the Classes in Domestic Science.

A Kindergarten has been in operation for four years, and we aim that this department shall not only afford training for children, but also a course for the benefit of young women who look forward to work among the children.

COURSES OF STUDY

Dressmaking

I. Taking measures and drafting patterns from them. Putting and making foundation skirts from measure. Basting and fitting. Talks on selecting material and planning dresses. Making book of models. Practice work.

II. Fine hand work, making baby linen, outlining, drawn work and fancy stitches. Making book of models. Practice work. Continuation of general dressmaking.

III. Study of system of dressmaking. Designing and trimming skirts, waists and sleeves. Making book of models. Practice work covering the entire course.

Time required:

Drafting.....2 lessons a week.
Model work.....2 lessons a week.
Practice work.....12 hours a week.

All students are required to provide themselves with shears, tapemeasure and thimble.

Certificates from two courses will be given from this department. Candidates for the first must have a general English education, and will be recommended as dressmakers.

For the second, in addition to the requirements of the above course, candidates must be graduates from the Normal course or from the Col-

lege Preparatory course, with one year of practice teaching in sewing, and will be recommended as teachers of sewing.

Charge of $1.00 per month payable in advance.

Sewing

Grades.—Sewing in the grades includes linear sewing, on cardboard, canvas, and cloth, overhanding, hemming and running, felling, backstitching, darning and buttonholes. Making model garments, and other plain garments.

Two lessons per week. Time: Each lesson, 45 min.

Normal and Preparatory Courses

The following courses are a part of the school curriculum and are required of all young women, of the Normal and College Preparatory work.

Sewing

I. Drawing and Water Color, fundamental principles of drawing, composition and design. Classification and harmony of color.
Art needlework—Weaving and Basketry.

II. Working of samplers in overhanding, hemming, running, felling, backstitching, gathering, stroking gathers, buttonholes, hem stitching, outlining.

Practical application of above stitches in cutting and making undergarments by pattern.

III. Folding and basting hems by measure, tucking, darning, and patching. Instructions in taking measures, and drafting patterns for underclothing. Practice work in cutting and making garments.

IV. Plain machine work, drafting continued, button-holes and eyelets, cutting and making garments, plain shirt-waist suits.

V. Lectures and written work on the history of sewing, its aim and object in education. Textiles—cotton, linen, wool, and silk, also articles used, as scissors, pins, needles, etc.

Designing and making of more elaborate costumes. Machine, and handwork.

One lesson per week—1 hr. 30 min.

Cooking

I. First semester—Air in relation to life and fire, management and care of stove or range. Water, cleanliness, and cleaning. Definitions, tables, rules.

Fuel, food, starchy plants, potatoes, cereals, etc.

Second semester—Tissue building foods; eggs, milk and dairy products.

Breads (Theory and practice).

II. First semester—Food in relation to life; body stuffs, and food stuffs: Diet; Tissue building foods; flesh of animals, poultry, fish, etc; Fuel foods: fats and oils; cooking in fat.

Second semester—Sugar: candies, cakes, deserts, ice cream and water ices. Acid and salt supplying foods; fruits, vegetables; salads, cream of vegetable soups.

III. First semester—Preparation of foods, canning, jelly making, pickling, etc.

Preparation of fancy dishes.

Review of breads.

Second semester—Special diets for infants and invalids.

Combinations and nutritive value of foods.

IV. First semester—Practice teaching, demonstration lessons.

Second semester—Dietary standards, and preparation of breakfasts for family of forty.

V. First and second semesters—Waitress course, preparation of meals; luncheons, and course dinners.

One lesson per week—1 hr. 30 min.

Charge of one dollar per semester, payable in advance.

Kindergarten

In the kindergarten the children learn to do by doing. The Kindergarten includes education through games, through songs, and rhythmic exercises, through the handling of typical playthings, and through the use of typical employments, and through exercises and conversations based upon the study of nature, and of human life, all of this being carried on in accordance with certain fundamental laws, that are found operating throughout the universe.

Tuition one dollar per month.

For particulars concerning any department in school of domestic economy, address Miss Flora Mitchell, Superintendent Thayer Home, South Atlanta, Ga.

ENROLLMENT 1908-'09

College Department

Senior.

Bowlin, Zetta Lee ..... South Atlanta
Campos, Juan ..... Lagos, West Africa
Cochran, Arthur C. ..... Rivertown
Crogman, Leonidas C. ..... South Atlanta
Green, Philip L. ..... Suwanee
Lee, Benjamin F. ..... Chattanooga, Tenn.
Lowery, Warren S. ..... Charleston, S. C.
McPherson, Charles A. J. ..... Wedowee, Ala.
Strickland, William C. ..... Suwanee
Todd, John H. ..... Anderson, S. C.

Junior.

Allen, A. Joseph ..... Columbus
Bridges, Neil A. ..... Macon
Crogman, Albert K. ..... South Atlanta

Sophomore.

*Camp, Patrick C. ..... Atlanta
Harris, Sallie E. ..... Victoria, Texas
Hull, Esther ..... Brunswick
Hargrove, Senie L. ..... Eatonton
Kirkpatrick, Aurelius E. ..... Fort Worth, Texas
Neal, Rev. C. C. ..... South Atlanta
*Oglesby, Daniel W. ..... Atlanta
Price, John W. ..... South Atlanta
*Trammell, Woodson T. ..... Guntersville, Ala
Wright, Louis T. ..... South Atlanta
*Scientific.

Freshman.

Arnold, Charles ..... South Atlanta
Heard, Henry T. ..... LaGrange
Johnson, Anderson ..... Hogansville

23 Males—3 Females.

Higher Normal Department

Blake, Addie C. ..... Atlanta
Culp, Charlotte M. ..... Jacksonville, Fla.
Jackson, Ethel N. ..... Savannah
Russell, Sallie B. ..... Anniston, Ala.
Tharpe, May Belle ..... Cave Springs

Freshman.

Gordon, Estelle W. ..... Cave Springs
Holt, Mary M. ..... Macon
Jenkins, Stella B. ..... LaGrange
Reed, Georgia H. ..... Frankfort, Ky.
Trammell, Eunice ..... Guntersville, Ala.
Trammell, Elizabeth ..... Guntersville, Ala.
Williamson, Lucie V. ..... Anniston, Ala.
White, Janie M. ..... South Atlanta

13 Females.

College Preparatory Department

Third Year.

Arnold, James C. ..... South Atlanta
Bembury, Sophia A. ..... Atlanta
Brazelton, Ida May ..... Chattanooga, Tenn.
Crogman, Marcellus P. ..... South Atlanta
Cunningham, Wendell T. ..... Atlanta
Cassaway, Fannie L. ..... Anderson, S. C
Hixon, Judson ..... Chattanooga, Tenn.
Holloway, Willie Nell ..... Chattanooga, Tenn.
Jenkins, Pearl A. ..... LaGrange
Lawson, Pleasant ..... Atlanta
Lewis, Emma C. ..... Pensacola, Fla.
Monroe, May Ellen ..... Chattanooga, Tenn.
Morton, Frank W. ..... Brooklyn, N. Y.
Parks, Arthur ..... Atlanta
Samuel, Genevieve F. ..... Rome
Taylor, Ruby F. ..... Miami, Fla.
Taylor, Oceola ..... Chattanooga, Tenn.

Second Year.

Anthony, Edward ..... Atlanta
Ayer, Irwin B. ..... Gainesville, Fla.
Ayer, Vernon A. ..... Gainesville, Fla.
Bates, Robbie N. ..... Atlanta
Black, William ..... La Fayette, Ala.
Bryant, Paul L. ..... Rivertown
Butler, Mabel ..... Atlanta
Cochran, Horace B. ..... Rivertown
De Bose, Tourgee A. ..... Gainsville, Fla.
Dawson, Mathew L. ..... Vanceboro, N. C.
Dorsey, Rufus H. ..... Weston
Heard, Carrie L. ..... Atlanta
Heard, Emma ..... Atlanta
Holloway, Cornelius ..... Greenville, S. C.
Jackson, John ..... South Atlanta
James, Horatio B. ..... Jacksonville, Fla.
James, Joseph H. ..... Jacksonville, Fla.
Lewis, Lula B. ..... Marion, Ala.
Mitchell, Frank ..... South Atlanta
O'Neal, Christiana ..... Forsyth
Rakestraw, Ocie D. ..... South Atlanta
Rush, Pearl ..... Atlanta
Rush, Ruth ..... Atlanta
Russell, Lavinia ..... Covington
Palmer, Mamie F. ..... Marietta
Tompkins, Oscar M. ..... Newnan
McClary, Henry C. ..... Kings Tree

First Year.

Arnold, Emma C. ..... South Atlanta
Battees, Clarence L. ..... Swiftwater
Bennett, Irene A. ..... Covington
Bowlin, Claude E. ..... South Atlanta
Buggye, John Zeo ..... Cape Palmas, Africa
Canady, Helen G. ..... South Atlanta
Cestero, Antonio ..... Porto Rico
Cestero, Fred ..... Porto Rico
Chandler, James W. ..... Jonesboro
Colbert, Willie M. ..... Atlanta
Cravens, Edgar ..... Chattanooga, Tenn.
Cunningham, Harold ..... Atlanta

Davis, Maud ..... Sunnyside
Devine, Estella ..... South Atlanta
Edwards, Lovett ..... Troy, Ala.
Giddings, Everett ..... Chattanooga, Tenn.
Giddings, Mabel ..... Chattanooga, Tenn.
Green, Curtis ..... Anniston, Ala.
Hendricks, Alberta ..... Covington
Hill, Henry ..... Atlanta
Hixon, Ralph ..... Chattanooga, Tenn.
Hinesman, Arval ..... Franklin
Houston, Ollie ..... Cornelia
Huson, Chlora L. ..... Harriman, Tenn.
Gaither, Anna L. ..... Covington
Griffin, Dora ..... Baltimore, Md.
Godfrey, Valeria ..... Oxford
Jackson, Elizabeth ..... Atlanta
Jenkins, Mary L. ..... South Atlanta
Lemon, Fred ..... South Atlanta
May, Pearl E. ..... Atlanta
Marsh, Frank ..... Atlanta
Meadows, Everett ..... Powder Springs
Morris, Lizzie ..... Covington
Nesbitt, Julia ..... Atlanta
Parks, Edward L. ..... Atlanta
Ravannah, John A. ..... Mount Clair, N. J.
Rosette, Rosa B. ..... South Atlanta
Sherrill, Joseph C. ..... South Atlanta
Stallsworth, Octavia ..... South Atlanta
Tate, Henry W. ..... Chattanooga, Tenn.
Torbert, Leon J. ..... Columbus
Touchstone, James H. ..... Douglasville
Traylor, Sarah ..... Atlanta
Washington, Emma ..... Warrington, Fla.
Waters, Birdie ..... Hogansville
Whitehead, William L. ..... Eastman
Wilson, Francis A. ..... South Atlanta

48 Males—44 Females.

Normal Department

Senior.

Brown, Katie C. ..... Atlanta
Davis, Annie Roberta ..... Atlanta

Douglas, Xenia P. ..... Huntsville, Ala.
Harris, Clara L. ..... Atlanta
Love, Ollie V. ..... Huntsville, Ala.
McCune, Arlena L. ..... Jackson
Phillips, Rena M. ..... Atlanta
Rice, Bertha ..... Anderson, S. C.
Thomas, Lavinia ..... Oxford
Thomas, Bertha P. ..... Atlanta
Thrower, Sarah ..... Atlanta

Third Year.

Braswell, Irene ..... Atlanta
Green, Edna ..... Chattanooga, Tenn.
Hill, Urma ..... Atlanta
Jackson, Kate R. ..... Newnan
Massengale, Leah Amanda ..... Macon, Miss.
Short, Sallie M. ..... Elberton
Williams, Gertrude M. ..... Waycross

Second Year.

Bentley, Georgia ..... South Atlanta
Dawkins, Annie M. ..... Greenville, S. C.
Elstone, Maud ..... Chochoolocco, Ala.
Godfrey, Dannie ..... Oxford
Harris, Frances ..... St. Marys
Hastings, Idella ..... Atlanta
Napier, Bertha ..... Forsyth
Scroggins, Helen ..... Savannah
Sharp, Emma L. ..... Atlanta
Jackson, Rosa L. ..... South Atlanta

First Year.

Battle, Mattie L. ..... Atlanta
Blackburn, Annie L. ..... Atlanta
Blackburn, Cathrine ..... Atlanta
Brown, Maud ..... Atlanta
Burks, Georgia ..... South Atlanta
Carey, Mattie L. ..... Atlanta
Champion, Mary Eugenia ..... Rome
Chisholm, Mrs. Aletha ..... Holly Springs, Miss.
Clay, Stella B. ..... Atlanta
Davis, Minnie ..... Atlanta
Dennison, Mrs. Louise ..... Atlanta

Duncan, Julia ..... Atlanta
Elligan, Mamie ..... Atlanta
Harris, Olivia ..... Hogansville
Lovejoy, Annie L. ..... Atlanta
Meade, Margaret ..... Atlanta
McLane, Johnnie ..... Atlanta
Parks, Lucile B. ..... Atlanta
Penn, Georgia S. ..... South Atlanta
Ray, Alice Clyde ..... Atlanta
Russell, Mabel ..... Atlanta
Roberts, Leon ..... Atlanta
Scott, Irene A. ..... Atlanta
Shack, Bessie ..... Richmond
Thompson, Vera M. ..... Atlanta
Walker, Katie ..... Greenville, S. C.

Specials.

Penn, Willie B. ..... South Atlanta
Wilkins, Cleoparta ..... Elberton

56 Females.

Grade School

Eighth Grade.

Allen, Wilber, J. ..... South Atlanta
Alston, Jessie E. ..... Atlanta
Bass, Leroy H. ..... Covington
Bridges, Benjamin F. ..... Macon
Brown, Gertrude ..... Jonesboro
Burch, Annie ..... Atlanta
